REINFORCE TROOPS PRESS FORWARD

City of Memel Is Captured by Lithuanians

PROPOSE NEW
MERGER
SETTLEMENT

BY A. F. NIGHT WIRE
SACRAMENTO, Jan. 15.—A settlement of the controversy between the Union Pacific and the Southern Pacific railroads, which has been accepted by the Interstate Commerce Commission, is expected to be adjusted to the satisfaction of both parties, according to a dispatch from the Union Pacific.

It is known officially that the Union Pacific had accepted the proposal made in a settlement from the Interstate Commerce Commission. It was said that the Union Pacific would leave ownership of the Central Pacific, running from San Francisco to Los Angeles, to the Southern Pacific, but would retain a controlling interest in the Union Pacific.

Under the new arrangements, the Union Pacific would become a subsidiary of the Southern Pacific, and would be merged with the Southern Pacific. The Union Pacific would retain its name, but would be controlled by the Southern Pacific.

The Union Pacific had previously refused to accept the proposal, but it is now reported that it has accepted the proposal. The Union Pacific had previously refused to accept the proposal, but it is now reported that it has accepted the proposal.

LEGISLATURE
TO TAKE UP
WAGE CUTS

BY KYLE D. PALMER
SACRAMENTO, Jan. 15.—A constitutional amendment reducing the State Railroad Commission from five to three members, which, if passed by the Legislature and introduced by the people, will automatically remove all present commission members, it is said, is to be introduced in the Assembly tomorrow by Assemblyman Edwin Baker of Los Angeles.

Mr. Baker tomorrow will also introduce a bill proposing to reduce the salary of Railroad Commissioners from \$10,000 to \$6,000. The second measure does not require a vote of the people and may become effective immediately if it receives a majority vote in both legislative houses and is signed by the Governor.

Both proposed measures are in line with the economy and efficiency program of Gov. Richardson, according to the author of the bills, who expects to receive strong support in both houses for his proposals, which seek, in addition to reducing the number of the commissioners and a reduction in salary, to put all Railroad Commission employees under civil service.

The Baker proposed amendment to the constitution makes no basic change in the old Railroad Commission Act with the single exception that it would place at the discretion of the Legislature authority to divide the State into three districts as nearly equal in population as practicable, one commission member to be appointed by the Governor from each district.

"Thus," in the opinion of Mr. Baker, "the Railroad Commission may be made more responsive to the people and, by removal of those appointed thereon for purely political purposes, placed on a basis of actual service."

Apparently anticipating an inspired charge that reduction of the commissioners' salaries might serve to discourage men of exceptional merit to accept appointment, Mr. Baker asserted that so far as he has been able to learn, a salary of \$6,000 a year is greater than that received by a large proportion of former and present commissioners.

Mr. Baker's proposed determination to do all in his power to equalize State salaries by recommending reductions in certain instances was emphasized today when he introduced a bill calling for a reduction of the State Insurance Commissioner's salary from \$6,000 to \$4,000. It is thought that further salary reductions will be advocated within the next few days, including a recommendation that the annual salary of the Bank Superintendent be reduced from \$10,000 to \$8,000 and that the \$10,000 annual salary of the Chief Highway Engineer be reduced to \$8,000.

"PAY POLITICAL DEBTS"

Without exception the salaries of various elective offices have remained stationary for many years while salaries of appointive officials, particularly during the Johnson and Stephens administrations, have been greatly increased to pay political debts. The most flagrant instance of salary padding for political services occurred during Gov. Johnson's second administration, when he increased the salary of the Insurance Commissioner to \$6,000 for the benefit of his chief political henchman and former private secretary, Alex. McCabe.

And while reductions and economies are being discussed by legislators, the new State Board of Control is in almost continuous session.

They All Point to One Thing

KIDNAPERS OF KLAN
VICTIMS ARE KNOWN
AS MOREHOUSE MEN

BY ORVILLE DWYER
SACRAMENTO, Jan. 15.—Four men of Morehouse Parish—one of them reported to be a deacon of the Baptist Church—today are involved in the Mer Rouge murder. They are positively identified as members of the black-hooded mob which on the night of August 24 kidnapped Watt Daniel and Thomas F. Richards on the Mer Rouge road, a mile from Bastrop.

Their names are in the hands of the authorities now conducting an inquiry into the brutal murders of Daniel and Richards; murders which the State of Louisiana asserts were done in the name of the Ku Klux Klan.

The identifications are positive and unqualified. Two of the four men sought to stifle those identifications at the source, it is learned.

The four men named as members of that black-hooded mob are: T. Jeff. Burnett, deputy sheriff of Morehouse parish, now under arrest charged with murder and held in a Shreveport hospital under guard for treatment for bronchitis.

BUTCHER NAMED

Gus Calhoun, a butcher of Bastrop, brother of Laurie Calhoun, deputy sheriff of Morehouse parish, already identified as a member of the Klan, is said to be a member of the Klan.

Joe Smith, known as "Dago" Smith, proprietor of a blacksmith shop of Bastrop.

E. N. (Newt) Gray, farmer near Collinston, reported to be a deacon of the Fellowship Baptist Church in the Eighth Ward of Morehouse parish.

Burnett, Calhoun and Gray were arrested on the night of August 24, the authorities have been informed.

With the exception of Burnett, who was arrested on a murder charge within a few hours after the kidnapping of Watt Daniel and Thomas F. Richards, none of the quartet had been placed under arrest up to midnight tonight.

Specific details are given of the attempts of Gus Calhoun and Joe Smith to muzzle possible testimony against them.

"You know that you recognized me, what are you laughing about?" the authorities have been told Gus Calhoun said to a resident of Morehouse parish, who had laughed at the time Calhoun mentioned the

PATROLMAN
IS VICTIM OF
HOLD-UP MEN

As Robert Malburg, a plain-clothes patrolman, was enjoying a lunch in the Woodworth & Cother cafe, 530 West Pico street, shortly after 1 o'clock this morning, sitting at a table with Clarence Pfeiffer, the manager, one other customer and the cook also being in the room, three men entered and, suddenly drawing revolvers, ordered "Hands up."

Malburg attempted to resist and was knocked to the floor with a punch to the jaw and his gun and shield taken from him. Disarmed, he was lined up with the others while one of the bandits went through the cash register, securing \$10, after which the trio backed through the door and escaped.

A general round-up of hoboes in Los Angeles Harbor had netted forty arrests in the last twenty-four hours, it was reported at 6 o'clock this morning. The police yesterday combed the water front for vagrants.

Duke of York Engaged

LONDON, Jan. 15.—King George sanctioned "with the greatest pleasure" the engagement of Prince Albert, the Duke of York, second son of the King and Queen Mary, to Lady Elizabeth Bowes-Lyon, which was announced in a court circular issued today.

Restaurant Held Up

Two young men, armed with pistols, held up John Birch, in charge of a luncheon at 721 Laman street, early this morning, escaping with \$27, taken from the cash register. The bandits were without arms, presumably having left them in an automobile to foil identification.

Terror in Dublin

DUBLIN, Jan. 15.—Confusion and terror prevailed in the heart of the city for a time tonight in consequence of much bombing and shooting. The royal barracks, headquarters of the Irish command, the Freeman's Journal and a garage occupied by national troops were among the places attacked. Seven persons were said to have been wounded.

Fish Plant Destroyed

Fire last night partially destroyed the plant of the United Tuna Company at Wilmington, causing damage estimated at \$25,000. The blaze is believed to have started in a pile of fish nets stored in the cannery and spread rapidly. It was extinguished by the combined efforts of fire boat No. 1 and engine companies Nos. 36 and 38.

Run Down by Automobile

Another name was added to the grim roll of traffic accident victims last night when Albert Levinson, 1733 East First street, received injuries which may cause his death. At the intersection of Brooklyn avenue and Cornwall street Levinson was run down by an automobile driven by R. M. Schindler of 335 Kings Road. He was taken to the White Memorial Hospital, where surgeons diagnosed his injuries as a fractured skull, broken leg and internal injuries. He is not expected to live. Schindler was exonerated by the court.

CHANGES IN
NAVY BASES
PROPOSED

BY ARTHUR SEARS HENNING
WASHINGTON, Jan. 15.—Development of several new naval bases chiefly on the Pacific and particularly with an eye to the submarine and air warfare of the future, and retention of all navy yards and nearly all other existing shore stations, are recommended in the report of the board of distinguished naval officers, headed by Rear-Admiral Rodman, submitted to Secretary of the Navy Denby today.

The report, which the nation's chief strategists deem of transcendent importance, constitutes a budget of advice to the administration and to Congress in establishment of the shore facilities necessary to successful functioning of our first line of defense.

The board declares imperative the immediate development of a great naval base in San Francisco Bay capable of serving the entire Pacific, the main base to be established at Alameda, with Mare Island retained for auxiliary purposes. Congress so far has refused to authorize creation of a base at Alameda, although Mare Island repeatedly has been pronounced inadequate by the Navy.

SECOND BASE URGED

Establishment of a second Pacific fleet base in the Puget Sound region also is recommended. On the Atlantic the board would have two fleet bases—one comprising all stations now located in New York Harbor, Long Island Sound and Narragansett Bay, with Hell Gate dredged to permit passage of the fleet.

(Continued on Second Page)

POILUS SHOOT AT
GERMAN MOB; ONE
DEAD, MANY HURT

BY CABLE AND ASSOCIATED PRESS
DORTMUND, Jan. 15.—French cavalry appeared on the outskirts of the city at noon today. It is expected that the occupation of the city will be completed by 4 o'clock this afternoon.

BERLIN, Jan. 15.—A dispatch from Tilsit announcing the fall of Memel reports that the Lithuanians captured seven Frenchmen and fifteen local policemen and three mine throwers and machine guns.

BERLIN, Jan. 15.—A clash between German demonstrators and French troops occurred at the railway station at Bochum this evening. The French fired, killing one person and wounding several.

The incident followed political demonstrations on a big scale. Several thousand persons collected in front of the Town Hall where the French general had his headquarters and cheered the German republic, then marched through the streets. A number of young Communists made a counter-demonstration, cheering the Third Internationale and the French Communist League.

WILL INFLICT PENALTIES

PARIS, Jan. 15.—The deadlock between the French occupying authorities and the German magnates in the Ruhr is creating a critical situation which the French will meet tomorrow with penalties, military, economic and financial. The exact nature of the penalties the French General Staff refuses to disclose, saying that instructions from Paris are being awaited.

In the meantime the military occupation of Bochum and Gelsenkirchen has been completed, according to plan.

Because of a change of front by the coal magnates and the repudiation of their agreement to resume coal deliveries, the French today reinforced the occupation movement. Troops and tanks were moved from the old zone and the ring about Essen was tightened.

AT GATES OF DORTMUND

PARIS, Jan. 15.—The French and Belgian troops now occupy the whole Ruhr Basin and have reached the limits of that neutral zone, thirty miles in depth, in which the Germans are barred from having reichswehr or regular garrisons. The troops are at the gates of Dortmund, where they were ordered to stop for the present.

In view of the progressive obstinacy of the German magnates, however, it has been decided to

(Continued on Second Page)

CAPITAL IS
FILLED WITH
PESSIMISM

BY ROBERT BARRY
WASHINGTON, Jan. 15.—At the moment of deep official pessimism over economic and political peace in Europe—a master key to the American farmers' door—foreign markets and stable prices—the Senate today considered a bill for the purpose of forestalling further depressing of America's basic industry.

Senator Borah, whose recent advocacy of an economic conference subjected him to charges of somersaulting on international policy despite his contention that he was preaching a consistent gospel of national self-interest in wishing to revive markets for farm and factory, put into a measure what much of Washington officialdom gleaned from the news from overseas.

ARMIES ON MOVE

"Armies are actually or potentially moving in all parts of Europe and they are moving over the

(Continued on Second Page)

GERMAN ENVOYS CALLED

Will Confer on Position of Nation if War Breaks;
Russia Moving Troops to Polish Border

BY CABLE—EXCLUSIVE DISPATCH
BERLIN, Jan. 15.—All German ambassadors to countries bordering on Russia, as well as Count Brockdorff-Rantzau, the Ambassador to Moscow, arrived in Berlin this morning for a conference over how to combat the dangers to Germany if Europe again is plunged into a world war.

The Times learns from an authoritative source that the Russians have been moving troops to the Polish border while, as trouble in Transylvania on the part of the Hungarians against Rumania looms, the Soviets are diverting a few detachments to Besarabia to be ready to invade Rumania on the slightest notice.

WARSAW PANICKY

Already Warsaw is becoming panicky. Kattowitz reports that the younger classes of Poles have received mobilization orders. Furthermore, Marshal Pilsudski has gone to Brest-Litovsk for a military review. Diplomatic circles declare that in case of war, Marshal Pilsudski, whose actual power now is that of a dictator, will assume this authority in name as well.

Leon Trotsky, the Russian War Minister, is now reviewing troops on the Polish front, according to reliable Russian advices. Arrivals from Moscow today report numerous train loads of troops have left Moscow for the Polish border. Several tanks were among the equipment.

ARMY OF MILLION

The Russian army today, it is said, is now encouraged by Moscow. It is notable that red flags are in evidence among the insurrectionary forces which overthrew the League of Nations forces.

Arrivals from Moscow mention the failure of Russia's attitude to arrive at a disarmament agreement with Poland and Rumania during the conference there in December, followed by the activity of reconnaissance bands on the entire Russian front. Lithuania is the only state bordering on Russia who has held the best relations with Moscow.

For this reason the Lithuanian attack is believed to have been inspired to involve Poland. Arrivals from Moscow corroborate the information which the Tribune obtained from authoritative sources in Berlin that Moscow is watching the situation in Germany with great attention, intending to profit by a revolution here which will keep France occupied.

OBREGON UNDER CRITICISM

"Sees International Trouble as Sequel to
Expulsion of Monsignor Filippi

BY A. F. NIGHT WIRE
SACRAMENTO, Jan. 15.—Sharply criticizing President Obregon's action in expelling Monsignor Ernesto Filippi, the apostolic delegate to the United States, says new international difficulties for the United States, loom as a possible result.

Burnett, Calhoun and Gray were armed the night of August 24, the authorities have been informed.

With the exception of Burnett, who was arrested on a murder charge within a few hours after the kidnapping of Watt Daniel and Thomas F. Richards, none of the quartet had been placed under arrest up to midnight tonight.

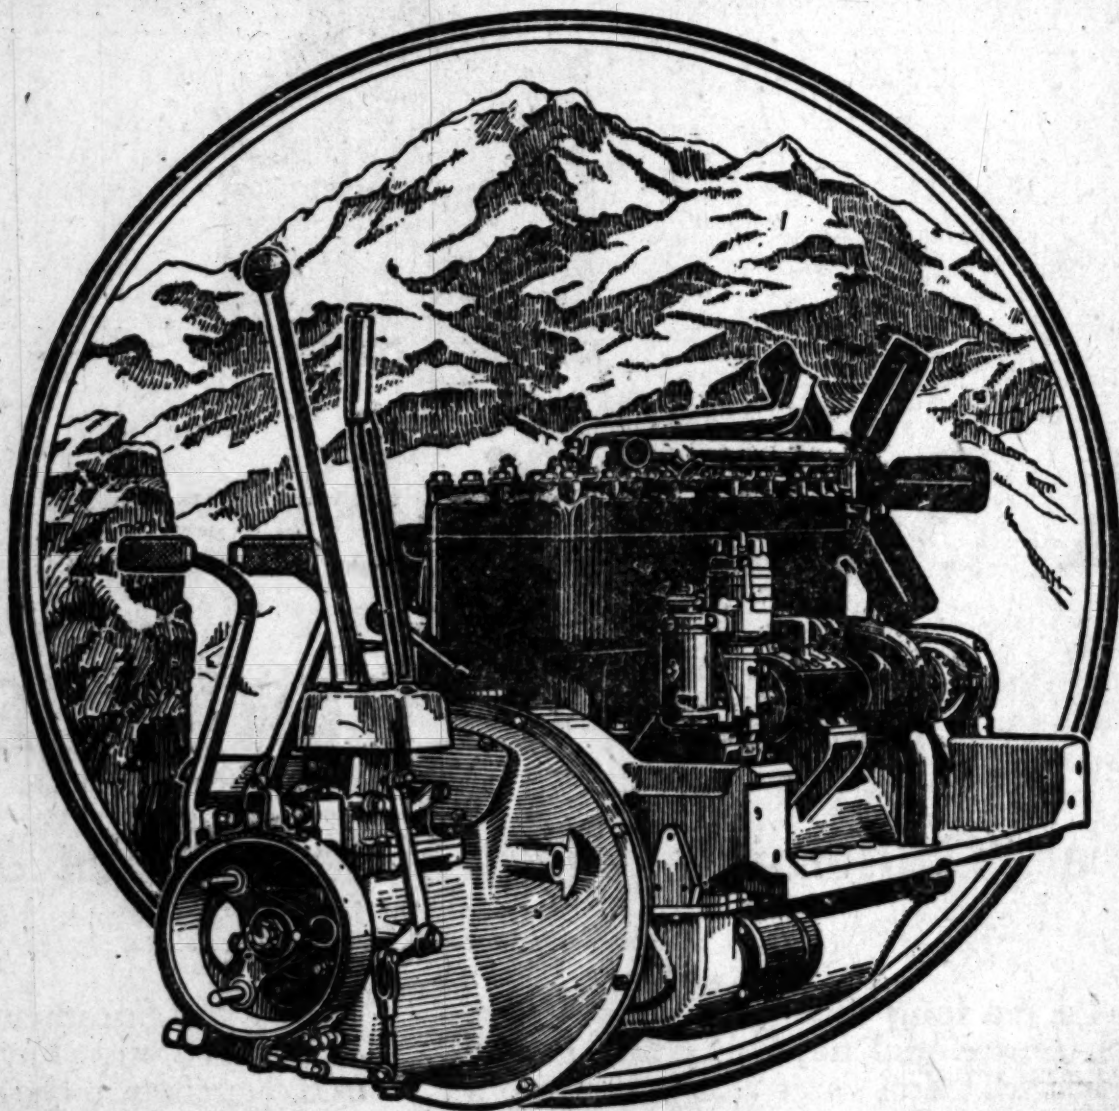

Specific details are given of the attempts of Gus Calhoun and Joe Smith to muzzle possible testimony against them.

"You know that you recognized me, what are you laughing about?" the authorities have been told Gus Calhoun said to a resident of Morehouse parish, who had laughed at the time Calhoun mentioned the

Built to Master a Mountain!

**New Motor
Has Power
For Any Hill
or Pull**

**No Knock,
"Ping" or
Vibration at
Any Speed.**

PIKES PEAK MOTOR

A PHENOMENAL new motor that was built to a mountain's specifications in order to assure rugged strength, limitless power and a commanding margin of safety, is the outstanding feature of the 1923 Chandler car.

This motor earned its name, for it had to prove its capacity when pitted against the strains of Pike's Peak, the world's loftiest automobile highway, whose summit is 14,000 feet above the sea.

The result, attained only after most extended tests, is a motor marking a great advance, since it eliminates many faults hitherto considered unavoidable in even the highest priced cars.

New Low Prices Complete the Triumph!

The Pike's Peak tests proved that perfect combustion under the widest range of atmospheric conditions had finally been achieved;

—that the steepest grades could be ascended in a swift, smooth, silent advance;

—that instant throttle response had been obtained even with low grade fuels;

—that the so called "ping" or spark knock of pre-ignition had been utterly eliminated regardless of carbon;

—that vibration, pounding, bucking, skipping on any grade had been overcome;

—that it meets any demand that can be made of a motor car!

Four open and four closed body styles have been carried to a new perfection.

The lowered chassis and the distinctive new radiator shell are appealing changes. Strikingly

handsome, rakish tops grace the open cars.

All of the closed bodies are of metal over hardwood frames. Especial attention has been lavished upon the rich, luxurious interiors.

Individually the models vary in such details as aluminum steps, wire and disc wheels, and rear aluminum trunk racks, so that each is a distinctive car.

This new Chandler was built, without regard to cost, to get the best.

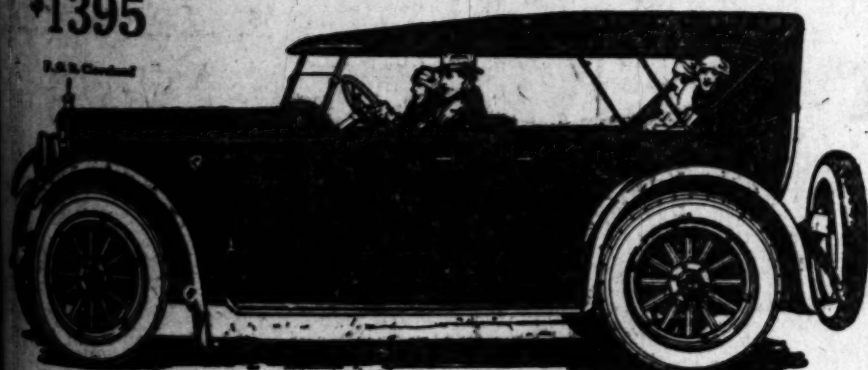

An increase in price could readily have been justified, for the motor is a much more expensive design.

But Chandler production skill has matched Chandler engineering genius, and despite the advance in quality, there are new low prices on all models.

The result is a value without precedent, a value that can be proved by performance.

TOURING CAR

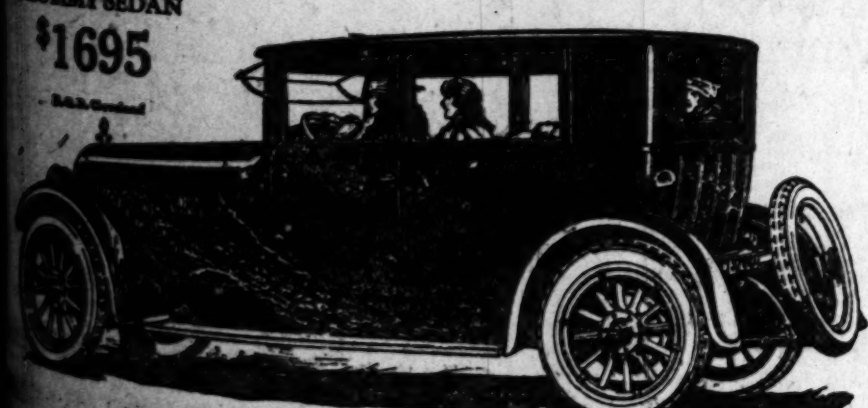

\$1395

The ultimate blend of all that is desirable in the car at a price that is surprisingly low. Deepened seats, refreshingly long, low, graceful lines. A masterful performer on any road.

Five Passenger

\$1695

An entirely new type of five passenger closed car, priced for those who desire genuine closed car durability and comfort at almost open car cost. Body by Fisher, richly appointed. Exceptionally dignified and spacious.

NEWS OF MIDDLE
WEST IN BRIEF

(EXCLUSIVE DISPATCH)
MINNEAPOLIS, Jan. 15.—A complete aviation unit will be provided to Duluth by the United States, for better fire detection and prevention if land for the unit is acquired as proposed by a measure introduced in the State Legislature by Senator Charles E. Adams of Duluth.

Agnes Forslund, 17, daughter of Mr. and Mrs. George Forslund of Warren, is dead as a result of the explosion of a can of stove polish. The girl was preparing lunch and placed the can of polish on top of the coffee pot as a temporary cover. She was enveloped with flames when the can burst and she sustained fatal burns.

Clark S. Clements, young Minneapolis attorney, died at a private sanatorium yesterday after a long fight with tuberculosis, which he contracted while in service during the war. He was 33 years old.

Mr. and Mrs. Bradley C. Boman, 2444 Pillsbury avenue, left yesterday for California to spend the winter at the Maryland Hotel, Pasadena.

ST. PAUL

ST. PAUL, Jan. 15.—To aid in continuing a favorite employment situation in St. Paul, the Great Northern Railroad has arranged for a \$1,000,000 passenger coach building program in its shops here. This will assure employment to more than 100 new men and will open jobs to former employees who have just ended their strike. The Legislature is to be asked by the Board of County Commissioners to authorize an appropriation of \$400,000 for the construction of a new unit at the City and County Hospital and \$50,000 for a new chapel at that institution. Mr. and Mrs. George Slater, 32 North Griggs street, have left for California, where they will spend the winter. They plan to tour the State, making an extended visit at Hollywood and other cities. They will go first to Los Angeles. Roscoe T. Dodd, pioneer business man of Winona, died at his home there yesterday of pneumonia following a brief illness, at the age of 87.

AKRON

AKRON (O.), Jan. 15.—Efforts to locate Rev. H. C. TerVehn, 60, pastor of the First English Lutheran Church at Marysville, who disappeared from his home December 27, so far have been unsuccessful. He left his home in an auto on that day, leaving a note to his wife that he would return in a short time. He has not been heard from since.

Akron's third coasting accident victim this year, Richard Semerlin, 9, 43 Cambridge avenue, is in a serious condition suffering from fracture of the skull and arm and from internal injuries.

Plans have been approved by the Masonic Association for the erection of a new temple on a site in East Tremont street. It will cost about \$200,000.

The Farran-Kinney Company of Chicago, makers and distributors of automobile motor fan belts will locate in Akron.

DETROIT

DETROIT, Jan. 15.—Every day in every way people in Detroit suffering from mental or nervous disorders are getting better and better through the application of the Kott method or similar methods, according to medical authorities in the city. Coua has many followers among medical men in Detroit.

The proposed intangible tax bill is being drawn by former Representative George Lord, of Detroit, chairman of the special Legislative Tax Commission. The bill will provide for an annual tax of 20 cents on each \$100 of intangible property, generally defined as stocks, bonds, bank accounts and credits of various sorts which do not usually appear on personal tax rolls.

J. R. Book, Jr., president of the Development Corporation of Detroit, announces conclusion of negotiations which will result in the taking next July of the Cadillac Hotel, one of the best-known landmarks of downtown Detroit and the erection in its place of a modern 25-story hotel.

Mrs. George Farwell, who has been sojourning at the Arlington, Hot Springs, Ark., for the past few weeks, has left for Pasadena, Cal., where she will remain for the winter at the Hotel Maryland.

ST. LOUIS

ST. LOUIS, Jan. 15.—John Pasandra, Jr., 1211 Hamilton avenue, has filed suit against Prohibition Enforcement Agent Gus Naless, two assistants and a city detective for \$20,000, alleging that he was shot New Year's Eve by an agent of Nations while in the dining-room of the Chase Hotel, the bullet entering his left knee. A bill to add 200 policemen, two captains, five lieutenants and thirteen sergeants to the police force of St. Louis has been sent to Jefferson City by Phillip H. Brookman, president of the Board of Police Commissioners.

Mrs. Mary E. Green, widow of Robert W. Green of St. Louis, is dead in San Antonio, Tex. The remains are to be brought to St. Louis for burial in Bellefontaine Cemetery.

OMAHA

OMAHA, Jan. 15.—Word from York says that in less than two weeks 4169 auto licenses have been issued.

Loss exceeding \$40,000 was caused by a fire that destroyed the Masonic Hall, drug store and the Collins Dry Goods store at Republic City.

Representative B. S. Keok of Rock county is having a bill drawn which will make it illegal to erect or maintain advertising signs and billboards on State highways and all other public roads.

Joseph Miner of Friend has presented the Nebraska State Historical Society with a model log cabin of miniature dimensions made of walnut trees from his grove of 2000 trees, which he planted on his homestead near Friend in 1872. He has offered to furnish walnut logs for the erection of a log cabin like the first one in Nebraska to be placed in the new Capitol as a memorial to Nebraska pioneer days.

DES MOINES

DES MOINES, Jan. 15.—Lettie R. Fitch, who recently filed suit against her husband, F. W. Fitch, president of the F. W. Fitch Company, hair tonic manufacturer, has filed a petition asking for temporary alimony, suit money and attorney fees.

Death failed to separate an aged

Iowa couple. John Brown, 87, and his wife, 77, died just one day apart. They had lived at Lake City for forty-seven years and had been married for fifty-six years. Their caskets will be placed side by side in one grave.

Mrs. Eda Harriet Blair, wife of B. Howard Blair, is dead following a short illness. She was 36 years old and resided at the family home at 2420 Merle Hay road.

DENVER

DENVER, Jan. 15.—Charging desertion, mental and physical cruelty and non-support, Mrs. Evelyn I. Cary, Denver society leader, has filed suit to obtain a divorce from her millionaire husband, Robert J. Cary, retired cottonman and owner of vast mining properties in old Mexico.

Mrs. Anna W. McMillan, daughter of the late Mark White, millionaire Colorado cattleman, has been granted a divorce from Charles A. McMillan, prominent

clubman of this city, it was learned yesterday.

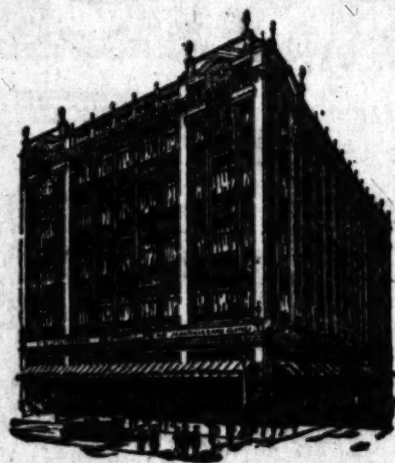

MILWAUKEE, Jan. 15.—A letter purporting to be from the Ku Klux Klan of Marinette was received by Ed LeRoy, editor of the Marinette Eagle-Star and former Assemblyman, yesterday. He was threatened with "tar and feathers" if he persisted in writing editorials in opposition to the Klan.

The Weston Rubber Products Company of Chicago, manufacturer of tires and rubber products, has closed negotiations for the purchase of the Boone Tire Company plant at Chippewa Falls which has been idle since 1920.

The new owners will take possession immediately and plan to begin operating the plant within a month or two.

VETERAN WRITER OF
CALIFORNIA IS DEADEDWIN H. CLOUGH, PACIFIC
COAST NEWSPAPER MAN,
DIES AT SAN DIEGO

(BY A. P. NIGHT WIRE)

SAN DIEGO, Jan. 15.—Edwin H. Clough, veteran newspaper writer, for nearly forty years associated with various papers of the Pacific Coast, died here yesterday.

Since 1912 Clough had been identified in an editorial capacity with the San Diego Union and Evening Tribune. His feature pages, under the caption "Yorick," were read widely throughout the State. In his early work, Mr. Clough was a correspondent for American newspapers in China and Mexico.

He contributed to numerous American periodicals.

Born in California in 1854, Mr. Clough played an active part in the early newspaper activities of San Francisco. He worked on the Chronicle in the early days of that paper and later on the Call and the Examiner.

Much of his best work in China was done during the Boxer uprising. He also was a correspondent in Siberia during the Japanese-Russian war.

Mr. Clough leaves a widow. SHOPLIFTER IS JAILED. Caught stealing a dress at the Fifth Street Store late last week by an operative of the Retail Dry Goods Merchants' Association, Mrs. Vina Aversing, living at a local hotel, yesterday pleaded guilty of shoplifting before Police Judge Frederickson.

The judge ordered her held for sentence and she was unable to

Youngsters
Sought at
Cinema Show

PHOENIX, Jan. 15.—Police officers in Los Angeles are seeking the same four children who were seen at the cinema show in the city of the Angels.

John Hall, a Los Angeles resident, is possibly the father of the four children who were seen at the cinema show in the city of the Angels. He has been asked to identify the children.

The four children were seen at the cinema show in the city of the Angels. They were seen at the cinema show in the city of the Angels.

Sarazen not Permitted to Play in British Golf Championships

DOG TEAMS OF MOVIES TO BE GIVEN ACID TEST IN SNOW

Screen Mushers Challenged to Vie With Champions at Ashton, Idaho.

Here Are the Challengers: Look 'Em Over
Tud Kent, champion dog driver of America, and his leader, Bob, who has issued a challenge to one of the dog teams of the movies to enter the internationally famous American Dog Derby at Ashton, Idaho, on Washington's Birthday as a competitor for the championship, appears in upper left. On the right is Miss Lydia Hutchinson who owns and drives her own dog team against the best dog drivers of America. She, too, is confident that she can beat any team from the movies. Below is shown Smoky Gaston and his dog team that carries the mail over 100-mile route of frozen snow through the Targhee Forest right along, and Smoky is also in on the challenge to a movie team to enter the championship classic.

RACKETERS CHALLENGE

A sweeping challenge to tennis players of industrial concerns of Southern California was yesterday broadcast when tennis enthusiasts of the Union Oil Company of California met, selected a team and gave instructions to the newly chosen manager to schedule matches with similar organizations representing industrial institutions as soon as possible. Roy H. Hornidge was elected manager and members of the team, besides Hornidge are H. B. Snodgrass, R. Heinke, W. E. Whitaker, John M. Hannay and Gerald G. Blue.

As far back as 1919 the Union declared itself in favor of tennis as a sport. W. L. Stewart, president of the corporation, at that time putting up a handsome silver trophy which is the main prize in an annual net tournament staged by the employees of the company.

Since the 1922 company tournament, which was held last August and in which over 100 employees took part, increased enthusiasm in the net sport has caused agitation to form a tennis team and arrange matches with other teams in Los Angeles or any part of Southern California.

Mr. Warner had a margin of 121 pins at the conclusion of the ten games, which was played in remarkably quick time. Mrs. Warner averaged 174 per game, and Mrs. Meador, 166.

BUD RIDLEY TO TACKLE EASTERNEER

Jackie Norman to Substitute for Kramer, Who is Ill; Newcomer Classy

Danny Kramer, who was to have met Bud Ridley in the main event at Vernon, will be unable to box tonight on account of illness and Matchmaker Wadhams has secured the services of Jackie Norman of Brooklyn, N. Y., considered one of the country's leading featherweights and who held Ridley to a 12 round draw in New York City last summer.

Norman arrived here about four weeks ago without the blare of trumpets, commenced training at McFarland's gym, and last week announced himself ready for a bout. Ridley, though disappointed because he is not to meet Kramer, realizes that he will have his hands full with the Brooklyn boy who has won over boxers like Bobby Michaels, Pepper Martin, Redcap Wilson and held Danny Frush to a great 10 round draw.

The card is full of boxers who are making their first appearance in a local ring. In the semi-final, "Dandy" Dillon, contender for bantam weight championship honors and brother of Jack Josephs, will meet Young Farrell, the old Vernon favorite.

In the other bouts, Abe Mishkind of Portland will measure his slugging tactics against Johnny Weber's cleverness. "Roughhouse" Charlie Burns of Vancouver, Canada, will make his bow to a Vernon audience. The "Roughhouse" is known wherever boxing gloves are used. Burns will meet Louie Garcia, who can be relied upon to give the rough person a lot of fight.

Young Wallace, meets a gentleman of color in Sunny Goodrich. Jimmy O'Neill will face Joe Medina of Sacramento while in the curtain-raiser Bob Evans hooks up Benny Shannon.

WOMEN TO PLAY A T PASADENA ON FRIDAY

According to Scotty Miller, one of the largest women's golf tournaments ever staged over the course of the Pasadena Golf Club will be played there next Friday afternoon, when an invitational tourney is held. More than forty fair golfers are expected to tee off.

FANS DISAPPOINTED

In Sarazen's contract it is stated that he be allowed time off for tournament play, but from the present aspect there was no stipulation as to prolonged trips. This fact will be somewhat of a disappointment to the club and its members.

(Continued on Second Page)

PRO MUST STAY ON OWN COURSE

American Team is Weakened by His Absence

Champion to Instruct Fans at City Park

Mrs. Noon and Neitzel Win Mixed Tourney

With the arrival of Gene Sarazen in Los Angeles comes word from Briarcliff Lodge, New York, that the national open championship will under no conditions be granted a five weeks' leave of absence to compete in the British open championships. As he takes up his duties in New York as professional of the club the directors feel that they cannot grant the leave as soon after his arrival.

In an interview with Mr. Sarazen last evening he expressed great surprise at the announcement and declared that he had had no news to the effect that he would not be able to play. Sarazen was not quite sure just what developments might take place, but he thought that the directors on further consideration, would allow him to go.

It is easy to see the viewpoint of the Briarcliff Lodge, as they have procured Sarazen's services to be professional at their club. For the few weeks that he would be away would mean that all pupils and other members of the club would have to wait, postpone appointments and in general the club would be somewhat upset. This coming so soon after Sarazen's arrival would not be the best thing to do.

On the other hand, Gene Sarazen, undoubtedly the greatest golfer in the country, would have a great chance to win the open meet in England. This title of British champion is the only crown that the young golf shark does not wear. If he should win this trip it would bring added glory to the already over-titled player and would also add a little more prestige to the club and its members.

FOR THE MAN WHO CARES

Sea's Best Boxing Carnival to Be Held on Good Ship California

FISTIC BOUTS TO BE CORKERS

Fleet to Stage the Greatest Ever at Sea

Matches to Decide Right to Represent Pacific

Recent Scheduled to Take Place January 24

Thirty-five hundred sailormen, perched on a giant grandstand on the deck of the super-dreadnaught California, will on the night of the 24th inst., witness the greatest fistic and grappling carnival ever staged at sea. Twenty-four athletes, the cream of the United States battle fleet, will fight for the right to represent the Pacific Armada next March at Panama for the all-navy championship. The event will be the last athletic competition before the battle fleet sails for Panama on February 3 and promises to be a real climax to the greatest sporting year in the history of the dreadnaught force.

Naval visitors will be rare on the California that night. There are 30,000 sailors in the Armada based at Los Angeles Harbor and to meet them they will use the ship's capacity of the greatest ship in the world. In addition to the California's crew of 100 officers and men from each ship will be permitted to witness the boxing and wrestling bouts. The California will therefore be limited to Jim McGraw, Charlie Chaplin, Charles McGraw, Douglas Fairbanks and a dozen newspaper men.

A REAL ARENA

The arena to seat this throng will be a real masterpiece of engineering. Thirty-five thousand feet of lumber will rise up over the ship's deck and yet not a nail will be driven into that entire carload of pine—these engineering features being used instead. From the task of the California's quartermaster, the huge impromptu amphitheater will rise up over the huge 14-inch gun turrets and even to the lofty fighting tops themselves. Construction of the ring and arena will start next Friday and completed on the morning of the 19th.

TWELVE BIG BOUTS

The evening's card will be announced by Lieut.-Commander E. D. Langworthy, who will be the impresario that evening, plans to make it the most exciting of the season. Hostilities will break forth at 7:15 p.m. to be mixed with at intervals with bits of real entertainment. The screen will show the California's band will weave its harmony into the program, while Bill Burg and Barr "the California" will lead the gathered thousands.

All Principals Are Cleared in Paris Scandal

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, Jan. 15.—All of those accused in connection with the alleged "frame-up" of the championship match between Battling Siki and Georges Carpentier are declared innocent in a report submitted to the French Boxing Federation today by the committee which has been investigating the charges.

The decision of the investigating committee clears Siki's former manager, M. Hellier, and Georges Carpentier and his manager, Francois Deschamps, from charges that an agreement was made by which the French federation declared the newly won title of heavyweight champion forfeited because of an escape at a subsequent fight when, while serving as a second, Siki entered the ring and struck the manager of the boxer opposing his man.

CHIEF EXONERATED

(BY A. P. NIGHT WIRE.)

CLEVELAND, Jan. 15.—Ollie Chitt, veteran American League umpire, was exonerated from all connection with the murder of Edward J. McGregory, 26, who was shot to death during a drunken brawl late Saturday night in an apartment-house in an alleged confession made by George C. Roedel today.

BENCH TRAINING SCHOOL

McGraw Shifted to Second Base; Trading Experience for an Education

"MY THIRTY YEARS IN BASEBALL"

BY JOHN J. MCGRAW.

Manager of New York Giants. (World's Champions 1921-22) [Copyright, 1932, by the Christy Walsh Syndicate.] I played in seventy-two games and did pretty well. Experience was building me into a real big league ball player. Hanlon was watching me closely. If he is as good a manager as he is, he is a good one. I began construction. During the winter following that season Hanlon, having felt his way, began the construction of what was to be one of the most famous baseball clubs of all time—what is known now as the old Baltimore Orioles, the team that did things in a way this team really revolutionized baseball, brought out its possibilities in ways never before thought of.

Hanlon began making trades—big trades. So uniformly successful was he in these deals that he got the name of "Foxy Ned." To begin with he swapped Third Baseman Tim O'Rourke to Louisville for Harry Taylor and Hugh Jennings. The former played on the Orioles, the latter on the Yankees. If he is as good a Judge as he was a first baseman and a hitter they won't get away with many inside legal plays on him. Hugh Jennings and I became pals immediately. We have been ever since. He is now my first lieutenant in the management of the Giants. Jennings was a red-headed, freckle-faced kid and fresh, like myself. We took to each other the first time we met, both of us having the same ambitions and aspirations. We were allowed to room together and share a small apartment. Even the exchange ideas was of great benefit to both of us. Hughey and I have been pals all our baseball lives. We were best friends. Even when he took the management of the Detroit Tigers, but the moment he retired from that position I offered him a job as my assistant. He could continue to be together. His friendship and loyalty have been invaluable. To those who watched closely that help could be seen in the way of each of us. Even today I was placed at third base regularly and Jennings at short. I played that position the rest of my days as an active player when I was in the regular practice. In our room at night Jennings and I used to discuss ways of playing our positions. Often we have gone out early in the morning to practice on a certain kind of grounder that had been missed the day before. I have had Jennings hit as many as sixty at me until I overcame what he would consider a fault. In turn I would hit him. This, mind you, was in addition to the regular practice. We tried much harder to perfect ourselves in our profession than ballplayers do nowadays.

We kept this up for four years. At the end of each ball season we would pack up our things and go to St. Bonaventure. That is how both of us got what education we have, though Hughey went to Cornell and took a course in law. Those college days, by the way, were the pleasantest of our lives.

It was then that my youthful mind began to appreciate what it is to have an education, or, rather, to have a trained mind. I was determined to be in position to appreciate the principles of progress in any profession. After learning the difference I have ever since made an effort to get college players whenever I could. I often have wished that some of my players had the persistence that Jennings and I had. We could have some wonderful teams if the players would try to educate and inform themselves during their off months.

But, in this digression, I have got away from Ned Hanlon's constructive postscript. I will take up now I had much to tell when we reported at New Orleans the next spring.

SCHAEFER DEFEATS A JAPANESE CHAMPION

(BY A. P. NIGHT WIRE.)

ROCKFORD, ILL., Jan. 15.—Averaging 61½ points an inning, Jake Schaefer, former world's 182 lb. line champion, defeated Matsuyama, the young Japanese expert, 25 to 44 in the first block of their 500 point exhibition match here this afternoon.

STADIUM IS TO BE PERMANENT

Tennis Club is to Get a Ten-Year Guarantee

Forest Hills Looming as Another Wimbledon

Major Championships to be Held There

BY WILLIAM T. TILDEN II.

World's Champion Tennis Player, 1920-21.

(EXCLUSIVE DISPATCH.)

PHILADELPHIA, Jan. 15.—The second proposal of the executive committee of the United States Lawn Tennis Association which I am going to discuss is the recommendation of a ten-year guarantee of a major championship to the Westside Tennis Club, Forest Hills, L. I., to allow it a rightful guarantee in its plan for construction of a concrete stadium to provide an American Wimbledon.

The whole crux of the situation rests on the definition of "major championship." In my understanding of the matter, this term includes the national singles, national doubles, challenge round or final of the Davis Cup when either of these events is played in America.

It is only right and proper that the Westside Club should hold at least one of these events annually, and a ten-year guarantee will provide a permanent stadium. That guarantee should be forthcoming at the annual meeting of the association. On the other hand, if "major championship" applies exclusively to the national singles, then the matter requires careful attention. The executive committee has already recommended the Germantown Cricket Club for the 1933 championship and the Westside Club for the Davis Cup challenge round, just as in 1922, that no immediate action for the return of the singles to New York is in sight.

The tournament came to Philadelphia in 1921 on the policy of rotation, and, in my opinion, should move again after next season to the Westside Club, which holds the event within the next decade, and New York, of course, should again have a term of years.

There is no reason to worry seriously over the situation so long as the Davis Cup challenge round is in America. If we can hold the cup over the next decade, the great popular events of the tennis season will be in America.

There is no reason to worry seriously over the situation so long as the Davis Cup challenge round is in America. If we can hold the cup over the next decade, the great popular events of the tennis season will be in America.

PRO MUST STAY ON OWN COURSE

(Continued from First Page)

pointment to golf fans all over the country, as Sarazen was considered the best player in the country. Every golfer in the city is invited to the present at the municipal links to learn the real facts and correct the club's about how to handle the club. An assistant Jack Hutchison will be on hand to give any information that the champ may overlook.

This is a great opportunity for the public to see the greatest of living golf experts getting down to the fundamentals of the sport and a careful observer will be able to see the reasons for the success of the Los Angeles course in par.

Sunday afternoon at Griffith Park one of the most successful mixed foursome tournaments ever held in the city is in progress. Completed. Mrs. P. S. Noon and Mr. Earle Neitzel finished the rounds for first place with a score of 74-4-72.

The course played fine golf all the way and defeated their nearest rivals without much trouble. However, in spots the contest became hot and even looked bad for the winners in the first frame. The results of the tourney were as follows:

Mrs. P. S. Noon and Earle Neitzel, 74, 4, 72, 5-4.
Mrs. S. R. Moore and R. B. Moore, 72, 14, 5-4.
Mrs. H. W. Smith and C. G. Smith, 71, 10, 5-4.
Mrs. J. H. Smith and J. H. Smith, 70, 10, 5-4.
Results of the first round of the open championship.

MAY HOLD GAMES HERE AFTER ALL

(EXCLUSIVE DISPATCH.)

SAN FRANCISCO, Jan. 15. That there is a possibility of the Olympic games being played in California in 1934 was seen today by William May Garland of Los Angeles, one of the three United States members of the International Olympic committee. Garland is registered at the Palace Hotel here. "A meeting of the Olympic committee will be held in Rome on April 9," said Garland, "and it is just possible that the committee may decide upon California for the next Olympiad."

At the present time the games are scheduled to be held in Paris, but if France is involved in war with Germany, Paris may decline the games. "In that case they would automatically come to California, as this State was selected last year as the alternative place for the 1924 games."

CHICAGO SCRIBE PARKS HERE

Mistaking the present balmy weather for spring, Harry Nelly, Chicago newspaper man and advance agent for the Cubs, came soaring into Los Angeles yesterday after the manner of the proverbial sparrow, although far from being built along those lines.

Nelly, who was delegated by President Veeck of the Cubs to do the preliminary stuff, states that the Chicago pitcher and catchers, accompanied by Manager Bill Killefer, and Bobby Wallace, coach, will reach Los Angeles the morning of February 20. They will be followed by the main body of players on March 4. The Cub training squad will number thirty-five, and it is probable that some of these will be left here with William Wrigley, Jr.'s Los Angeles club. Nelly says there are some likely prospects among the rookies.

He also believes that Grover Cleveland Alexander will have a good season, basing this opinion on Grover's work in the series when the Cubs won the city championship. In September, Alexander caught cold in his arm and was unable to pitch during the last three weeks of the race. But Nelly says he came back and twirled better than ever against the White Sox.

On arrival here the Cubs will be piloted by Catalina by J. N. Stewart, Wrigley's transportation man, and a director of the Los Angeles club. George E. Daul, is getting the bungalows all burned up over on the island in anticipation of the Cubs' arrival, not that they need burning, but he will give them an extra sheen in honor of the event.

SPORT SHRAPNEL

By HARRY A. WILLIAMS.

When Floyd Johnson failed to knock out Bill Brennan, or make even an impressive showing against him, it probably proved as great a disappointment to Jack Dempsey and Jack Kearns as it did to the big Californian.

Johnson and his manager undoubtedly had legitimate championship ambitions, which, however, were shared by students of the game in only a limited degree. There have been so many false alarms among the big fellows that the public is in a habitual show-me frame of mind. Dempsey's interest in Johnson was of another sort, and unquestionably was shared by Kearns. The champion helped tutor the Californian. This served the double purpose of getting a line on a possible future opponent, and hastening the process of building him up to a point where a match would prove attractive and profitable. In short, Johnson, if he could be brought to a certain point, would be the champion's titbit.

Now, however, Johnson has been eliminated, at least temporarily, not so much by Brennan, as his own lack of a decisive punch and an indifferent showing generally. While the big Californian defeated a number of mediocre men, when he was taken East he was accorded publicity out of all proportion to his actual achievements. This saved the old stuff.

True, in meeting Brennan he picked a tough one, an experienced fighter likely to bother any youngster. However, after reading descriptions of Brennan's condition, which pictured rolls of fat sagging over his belt, one is inclined to wonder whether he made any great effort to get in shape for this fight, or was particularly desirous of winning. Possibly he underrated Johnson just a trifle.

Perhaps the westerner was crowded along too rapidly. Heavyweight champions are not made overnight. This reverse does not necessarily mean that he may not be a legitimate contender in two or three years.

Things said of Johnson the next morning were not less complimentary than some of the written remarks about Jim Jeffries following his first appearance in New York, when he agreed to stop Bob Armstrong and another fighter, Steve O'Donnell. I believe, in ten rounds each. That was extremely poor match-making, as any boy requires stopping any man, let alone two, in any specific number of rounds. Incidentally, Armstrong was a big fellow, and like most of his race, a clever boxer. However, Jeffries might have turned the trick had he not broken his hand on Armstrong. He won from the latter in ten rounds, but was unable to go on with the second bout. His New York debut made far from a favorable impression, and the most friendly articles were lukewarm. In short, Gotham couldn't see Jeffries, least of all in the light of a possible champion. And yet ten months later before these same people Jeff knocked out Bob Fitzsimmons in eleven rounds and won the title. Subsequently, he became quite generally recognized as the greatest heavyweight of all time. That for the man whom the metropolis had all but termed a dub.

Critics, when contemplating the Coast football fight next season, seem inclined to center their attention on U.S.C., California and Stanford. Admitting that at a casual glance these appear to be the leading contenders, there may be upsets in unexpected places. A presumably warm tip appears to have come down the line to watch Idaho.

It was slipped to me by Jimmy Smith, former U.S.C. end and now coach at Loyola College. Jimmy seems to have been talking to somebody from the Vandal country. Last season the Vandals had a corking line, one of the best in the West. If they have a backfield to match, plus more experience, something elsewhere may crack next fall.

Recently at a Loyola College banquet I had an interesting talk regarding football with three members of the faculty—Father James Linden, Father Daniel Meagher and Father Thomas Flaherty. They have large football aspirations there, and despite the fact that the college is young, these hopes seemed to be well-founded when one looked over the array of finely built young fellows at the different tables. Father Meagher made it plain that there would be no place for the "frump" athlete in the school. Father Linden, athletic director, was an inspiration to the boys, revealing the surprising records of other Jesuit schools for the last season as follows:

Detroit is a Jesuit school and Detroit beat W. and J. 19 to 2. Who defeated Brown, who defeated Harvard?

Marquette is a Jesuit school and Marquette defeated Detroit, 6 to 3. Georgetown is a Jesuit school and Georgetown defeated Lafayette, 13 to 7, and Lafayette was supposed to be the best of the East.

Holy Cross is a Jesuit school and Holy Cross defeated Georgetown and Boston is a Jesuit school and Boston defeated Holy Cross.

Purdum is a Jesuit school and Fordham plays with the best. Gonzaga is a Jesuit school and Gonzaga held West Virginia, undefeated in the East, 21 to 13, and lost the game on breaks.

Santa Clara is a Jesuit school and lost to the Olympic Club, 9 to 0; defeated Arizona and Nevada.

St. Louis is a Jesuit school and lost to Notre Dame, 21 to 0.

MARKET REVIEWS

NEW YORK, Jan. 15.—That financial market should have begun the week with an uncertain movement which later developed into weakness, appeared to result from two considerations: one, that last week's advance, with no definitely favorable news to support it, had left the financial community naturally hesitant; the other, that Germany's attitude over Sunday removed the prospect for that immediate German effort at a compromise which some people had expected. This attitude, being one of stubbornness and sulky defiance, even to the extent of forbidding delivery of coal on any terms to the French, seemed to imply further necessary steps of compulsion by France. Technically speaking, Germany is in the hands of a receiver and the defaulting debtor, is rendering the proceeds. Whatever may have been the original unfavorable possibilities of movement into the Ruhr, they would inevitably be emphasized further by the government's change rates and for the uncertain movement on the stock exchange, which left the general run of stocks at a level declining from small fractions to 3 or 4 points.

Steel declined 1 cent and francs went to the lowest rate since last Tuesday; but the day's weakness in foreign exchange converged noticeably on the German mark. From 39-100ths of a cent at Saturday's closing—practically the lowest then on the record—the rate fell today to 72-100ths. Exchange dealers described it as virtually a market without buyers. What today's movement meant may be judged by the fact that even Poland's paper currency has been quoted at 55-100ths and that another decline in the German mark would put its currency also at that rating.

The weakness on the stock exchange apparently under the auspices of professional operators for the decline. These declines were the result of speculative buying, in which the railway shares were more or less conspicuous, and the market became pretty much unbalanced. It opened under a mostly at net declines. On the other hand, the day's European stock markets were firm.

Financial Lead to local stock quotes

NEW CROP PRICES REACH HIGHER LEVELS

NEW YORK, Jan. 15.—Cotton futures closed 5 to 13 points net lower on the old crop months and 5 to 10 points net higher for the new crop, after the market had made new high records in the early trading for every contract month, with prices up 15 to 20 points generally. The early advance was due to further bullish activity reflecting strong Liverpool, cables. May closed the 25-cent level to 25.05 and October touched 25.15. Smaller Wall Street interests took profits then, and prices fell back to about on a level with the previous close ground midway. Export selling came from the South also. The market absorbed large quantities of cotton in the late session, but maintained a steady undertone. Professional profit-taking was a pronounced factor near the close when the list developed slight heaviness and business was animated by the market all quarters. The close was slightly up from the day's low.

Spot was quiet, 5 points decline, 27.75, for middling upland, retail and October touched 27.75. Smaller Southern market, Galveston, 27.65, 10 points decline; New Orleans, 27.50, 25 points advance; Savannah, 27.75, 10 points decline; Augusta, 27.75, 5 points decline; Memphis, 28.00, 50 points advance; Houston, 27.50, 10 points decline; Little Rock, 27.25, unchanged.

DAILY MARKET LETTER
OF THE
NEW YORK COMMERCIAL

NEW YORK, Jan. 15.—The market for domestic dried fruits continued rather quiet. California and Oregon prunes are selling in a small way on the larger sizes, the market holding about steady. Raisins are showing weakness due to the fact of liberal offerings on spot. Peaches and apricots are about steady, demand quiet. When spring buying gets under way on these two fruits an active market is anticipated with additional firmness developing on apricots which are in short supply both here and in California.

Some Maryland packers are offering to book future tomatoes at 46 cents for 1 1/2 cents for 1 1/2, 55 cents for 1 1/2, 1 1/2 for 1 1/2 and 2 1/2 for 1 1/2, all f.o.b. canners. The canners are basing these prices on a peaking cost of 30 cents per basket for raw stock but are offering only limited quantities.

ORANGE DEMAND

There was an active demand for California navel oranges at today's auction and prices advanced. Sales totaled nine cars, prices ranging from 1.50 to 1.59 per box. Florida oranges likewise were in strong demand and prices advanced 25 cents per box on best stock while ordinary quality remained unchanged. Sales totaled 2,290 boxes, prices ranging \$2.35 to \$2.75.

There were rumors circulating around the raw sugar market of business in Cuban raw sugars for the first half of February. It was suggested that Congress be asked to relieve the railroad temporarily of Federal and State regulations. The purchase of the Texas State Railroad is being considered by the St. Louis Southwestern (Cotton Belt).

SUGAR BUYING

Buying of refined sugar continues on a purely hand-to-mouth basis. Refiners' quotations are considerably above the views of exporters, hence little foreign business is accomplished. The nominal price indicated by refiners for export is 4.50 cents, but this figure might be shaded for February. The domestic trade expects that a lower price will be put out by a refining interest in March and May.

Raw sugar futures opened at a decline of 1 to 3 points and in the absence of any definite development in the street barring rumors of still lower prices, trading was light. Closing prices were unchanged to 2 points lower.

While a certain amount of short covering in March and May continued to feature the coffee futures market, which opened 5 points higher to 1 point lower today, the recent sharp rise in the price of moderate amount of realizing which brought out irregular tendency in the market was evident in the distant months, however, but after selling at 9.20 on the call, September declined to 9.16. The sellers also were replaced with March.

Firmer public and private cables stimulated trading in the market for months to some extent, the Rio exchange rate on London gaining 1-16. Sales were estimated at some \$5,000,000, the market closing 3 points higher to 5 points lower.

TEAS STRONG

The impetus derived from strong cables received the preceding week was continued in the market for teas today. There was a fairly large volume of over the week-end mail here, calling principally for the remitted varieties. The position of all grades of 200 tea is firm, which is largely in keeping with the latest advance in the primary market in Batavia. While the green tea markets are closer, the demand for spot material is quite active, as these teas are being largely substituted for the Japan varieties.

Not improbably owing to increased competition in its distributing territory, the Atlantic Refining Company has posted new service station prices for gasoline at Providence, Worcester and Hartford. The tank wagon market in these cities remains unchanged at 22 cents a gallon, but service station rates have been cut a cent to 24 cents a gallon. Atlantic's new schedule lists gasoline at service stations at 24 cents throughout its territory.

This was the only new development noted in connection with the eastern refinery situation at the beginning of the week. Otherwise a quiet scene prevailed in gasoline and local price shading is reported from various cities in New York and New England, this condition resulting largely from competition between dealers. Tank wagon prices remain unchanged at 22 cents at all points, however.

EXCHANGE EASIER

Most of the lows in bonds today were scored on continued pressure following the moderate waves of profit-taking that swept the market earlier in the day. The resistance of Germany to the reparations plans has been viewed as a matter of course by our market. Foreign loans dipped with easier tone in exchange rates. French issues moved off fractionally and the V.T.C. 5 1/2s showed minor changes both ways. French city issues showed a wide spread between the bid and asked at the close of business, indicating that bargain hunters are with us to take advantage of any time the market might show a downward and South American loans closed at or near the lows.

LIBERTIES LOWER

Aside from a 4-point gain in the 3 1/2s, the Liberty list finished lower. Trading was extremely light. The fourth 4 1/2s bid the heaviest, moving off 1/2 point from Saturday's final figure. The treasury 4 1/2s managed to hold unchanged after dipping 1/2 point from Saturday. Sales of industrial bonds showed a falling off when traders declined to participate very heavily in view of the uncertain trend of the market.

Chile copper issues closed lower on the eve of the announcement of

the absorption by Anaconda and the subsequent issuance of the largest industrial bond issue ever made in this country or abroad. Steel bonds were quiet and only a trifle lower in sympathy with stocks. Oil issues moved within generally narrow limits. Public utilities did better than the average run of industrials, but net changes for the day were of a minor character.

COPPER HOLDS

The copper market is firmly maintained at 14 1/2 cents a pound for electrolytic, delivered, over the next three or four months. Demand is not in as good volume as it might be and the market has shown some signs of weakening. The announcement today that Anaconda had at last acquired control in Chile ought to stiffen the market appreciably. It has been the cheap metal from South America that has been the most depressing factor in times of dull demand and this being gone to a group much more interested in the market for finished products of copper than it is in the market for the metal, the unimportant standard as declining 26 to 27 cents closing at 14 1/2 and futures at 14 1/2. Electrolytic spot was off 26 to 27 to 170 1/2 and futures 55 to 170 1/2.

ZINC EASIER

The zinc market was easier by some 5 points and quotable at 6.95 cents a pound. St. Louis zinc receipts last week were 31,520 tons. As against 22,550 the week previous, while receipts since the first of the year total 14,070 slabs as compared with 11,610 slabs during the corresponding period last year. The domestic market is quiet and little export business is being done, as London parity in New York is only about 6.35 cents. In London spot was firm and unchanged at 135. Futures declined 26 to 27 to 133 1/2 to 64.

PEAS AND BEANS

Dried peas and beans buying orders this morning were closely confined to small lots of standard varieties. The tone of the market is firm. In fact, much firmer on peas than that for the several days. As a rule 5 1/2 cents is asked, although sales are reported fractionally lower. Market is steadier. There was some call for red kidneys. Holders of lima beans talk higher prices, but at this writing 3 1/2 cents will reflect the market for easy sale.

Domestic rice markets in the South are strong, but not active, thought interior domestic markets seem to be showing more interest. Foreign rice on spot quiet, but with a steady demand for the export. Oriental cables show all markets very firm and in fact, slightly higher prices being asked.

BUTTER AND EGGS

The butter market opened more or less unsettled, but at changed prices on grades most sought at this time of year.

The decline of 1 1/2 cents last Saturday rather disrupted the market and imbued buyers with ideas of still lower values. But the stock of extras and higher scores were not lowering enough to cause further weakness. The market is not increasing to any extent and quality of late arrivals is more or less satisfactory.

The weak state of the egg market, which developed at the close of last week was again in evidence at the opening of this morning. The market was rather severe and puzzled the trade to some extent. But weather conditions in many sections of the South are favorable for the production and all interests expect low values. Storage eggs were dull; fancy whites are increased in supply and values tend downward.

Pacific Coast white, extras 50 cents; white extra firsts, 48 1/2; firsts 46 1/2; mediums, no prices; No. 1 pullets, 46 1/2; No. 2, 44 1/2.

MINING NEWS

BY CHARLES F. WILLIS,
Editor "Arizona Mining Journal"

COPPER SITUATION—There has been nothing particularly startling about the situation during the past week, the price holding steady at a point of 14 1/2 cents. It is interesting, however, to note that Japan has again started at a point of 14 1/2 cents, the market from the market due to the announcement of a new loan.

JEROME—The United Verde Copper Company, Jerome, Ariz., R. K. Taylor, has recently been in the market for the purchase of the property in the Jerome district, which is reported to be a very rich property in the copper industry and has been purchased by the United Verde Copper Company.

LAKE CREEK—The Torrance Flamingo, Arizona, R. K. Taylor, has recently been in the market for the purchase of the property in the Lake Creek district, which is reported to be a very rich property in the copper industry and has been purchased by the Torrance Flamingo Company.

LAKE CREEK—The Torrance Flamingo, Arizona, R. K. Taylor, has recently been in the market for the purchase of the property in the Lake Creek district, which is reported to be a very rich property in the copper industry and has been purchased by the Torrance Flamingo Company.

Fishing? We Are All Wondering!

McAdoo may be able to make things safe for the Democrats in 1924. AS FOR US, all we are out to do is to prove to unit holders in Hawkeye No. 1 that they have the safest bet in oil wells we ever heard of.

Here's The Whole Story—

A few of us got together and decided to drill an honest-to-goodness oil well. We went to Signal Hill and got our land right in the center of things—next to the biggest production. THEN, we all signed a contract to take enough units to drill this well right down to the big-pay oil sands.

We are only selling enough units to ease a little of the load. THAT IS WHY you have the chance to come in on a fully financed well.

IF YOU WANT IN, YOU'LL HAVE TO HURRY. WE NEVER HEARD OF UNITS SELLING SO FAST.

Contracts signed for drilling—machinery on the way. I'll bet that before we spud-in every unit will be taken.

And Here's Your Chance—

Hawkeye No. 1 units cost \$100 each, and JUST REMEMBER that 60% of every drop of oil produced goes to you, AND YOU GET YOURS FIRST.

Better Hurry—This Won't Last Long

—BUY 'EM TODAY—

Services to be
Conducted for
Pioneer Today

Deer is Lassoed
by Film Cowboy
Near Glendale

Funeral services for a pioneer resident of Los Angeles, Mrs. Emma Woodham, 55 years of age, who died Saturday morning at the home of relatives in Eagle Rock, will be held at 2 p.m. today from the Second Presbyterian Church at North Broadway and Daly street. Interment will take place at the Odd Fellows Cemetery.

Forty-five years ago Mrs. Woodham was the pioneer of considerable property in the vicinity of Westlake Park. She is a member of the old Sebastian family, which was numbered among the first settlers in Los Angeles in its pueblo days. Mrs. Woodham's husband, W. H. Woodham, died here recently. She is survived by John Level, a son, who is a detective at the Lincoln Heights Police Station, and six other children, all of whom live here.

FRIENDS OF IRISH FREEDOM TO MEET

A meeting of the O'Rahilly Branch, Friends of Irish Freedom, will be held at Taft Hall, Walker Theater Building, Thursday night. Speakers for the evening will be Patrick Nightingale of St. Paul and Mrs. Mary Prentiss of Toronto, Can. They will discuss conditions in Ireland.

A full-grown deer, roped by Conroy Baskay, a motion-picture cowboy, after a chase which led through back yards, over fences and across fields, was captured near the outskirts of Glendale. The animal, which is believed to have wandered into the city from the Santa Monica hills, is being held in the Silver Lake Riding Stable at 2445 Rowena avenue.

The deer, according to Baskay, was seen first near Glendale near the highway. Automobile traffic and street cars put the animal to flight and a number of horsemen from nearby motion-picture studios took the chase.

After running through some of the main streets of Glendale, the deer was trapped near Silver Lake by Baskay and roped. After a vicious fight the animal was locked in a shed near the lake. Baskay declared after the capture that he intended to tame the animal and make a motion-picture actor out of it.

POSITIONS NOW OPEN

PLACES VACANT ARE AVAILABLE TO BOTH MEN AND WOMEN APPLICANTS

Announcement of government positions open to applicants was

made yesterday by the United States Civil Service Commission. Appointments in the commission may be obtained at room 118, Federal Building. The positions, with salary figures, open to both men and women, are as follows:

Assistant observer in meteorology, \$1080 per annum; dietitian (Public Health Service), \$750 to \$1344 per annum; junior economist, \$1400 to \$1800 per annum; mechanical engineer, \$6000 to \$5000 per annum; electrical engineer, \$2000 to \$2500 per annum; assistant electrical engineer, \$2000 to \$2500 per annum; mechanical and electrical engineer, \$3000 to \$4000 per annum; associate mechanical engineer, \$2500 to \$3000 per annum; associate electrical engineer, \$2500 to \$3000 per annum; assistant mechanical engineer, \$2000 to \$2500 per annum; apprentice electrical engineer, \$1000 to \$1500 per annum; apprentice picture engraver, \$600 to \$1000 per annum; apprentice letter engraver, \$500 to \$1000 per annum; statistical clerk, \$900 to \$1400 per annum; apprentice engraver, \$500 to \$1000 per annum; apprentice electrical engineer, \$500 to \$1000 per annum; apprentice stenographer, \$500 to \$1000 per annum.

RIVER'S SOUTH BANK OKLAHOMA-TEXAS LINE

(EXCLUSIVE DISPATCH) WASHINGTON, Jan. 15.—The United States Supreme Court today in a decision in the famous Red River case, made the boundary line between Texas and Oklahoma.

BOND QUOTATIONS

(By A. P. Night Wires.)

NEW YORK, Jan. 15.—Fresh complications in the German reparations situation, combined with a decided reaction in foreign exchange rates induced extensive selling of foreign bonds today. The general list displayed irregularity with issues outnumbering gains. Dominican Republic 6s lost 2 points and 1/2 to 1 1/2, while Italian 6s, Brazilian 7s, Bolivian 5s, State of Sao Paulo 5s, French 5s, Marcellin 5s, Franco-Lyon-Mediterranean 4s, Franco-American 7 1/2s, Serbian 5s and Prague 7 1/2s yielded a point each. Except for gains of 4 cents on Liberty 3 1/2s and 3 cents on the Third 4 1/2s, all the active United States government securities showed loss of 1/2 to 1 cent. The features of the railroad group were a break of 3 points in New Haven 4s, weakness of Erie and Northern Pacific issues and further recovery in St. Paul bonds.

Chile Copper 6s off 5 and Marine 6s off 1, were the weak spots of the industrial group in which Cerro de Pasco 5s, Lehigh Valley 5s and Distillers Securities 5s made gains of a point or more. Brooklyn Rapid Transit 4s broke 3 1/2 points and the stamped 7s declined 1/2.

Total sales, par value, were \$5,324,000. Good absorption was reported in the \$5,000,000 Cuban 5s per cent bond issue, which was put out at 99 1/4, to yield over 5 1/2 per cent. Announcement was made that the recent \$7,274,000 offering of Nickel Plate second and improvement mortgage 6 per cent bonds had been oversubscribed.

NEW YORK, Jan. 15.—Following are the closing quotations on the New York market. (Furnished by Laps & Brown.)

"NOTHING BUT BUSINESS PROPERTIES"

LET'S DISCUSS IT—

Over 15,000 "Needles" Now Operating in Los Angeles!

A total of over 15,000 "needles" now operating in Los Angeles is striking evidence to the fact that this city has become one of the important national Textile Centers. The surprising growth that has favored virtually every firm engaging in any phase of this business locally, plainly indicates that Los Angeles as a great World Textile Center is near at hand.

A "Textile" Loft—

A splendid well-lighted loft is now available in the heart of the textile district. There is room for 25 "needles" here—or it will serve as a fine sales and stockroom for any wholesale textile business. A modern fireproof building.

Steel Output Prospects Are Reported Good

(EXCLUSIVE DISPATCH)

PITTSBURGH, Jan. 15.—Pros-

pects for an increased steel output the next three months are good. Orders for finished steel in December were heavy, many independent bookers much more than they shipped, and the demand has shown no sign of a let-up. Labor shortage at mills is less pronounced now than on October 1. Supplies of coal and coke have been more than sufficient to maintain steel production at its recent rate, the proof being that some of the steel works have been accumulating pig iron. One motive in this has been to prepare against another coal strike.

The American Sheet and Tinplate Company is sold up on sheets for five months. With a few of the independent placed in somewhat similar position, for any three months, a premium market can readily develop. Independent sheet mills are now operating in the neighborhood of 90 per cent of capacity with the leading independent only a point or so below that figure. The market is notably strong at 2.50 cents for blue annealed, 3.35 cents for black, 4.35 cents for galvanized and 4.70 cents for 5 cents for automobile sheets, according to delivery.

There is considerable activity in the tin-plate industry, and bookings are heavy with both the leading interests and independents. The market is firm at \$4.75 per base of 100 pounds. Good bookings are being recorded by the hoop and strip mills. The market is steady at 2.70 cents to 2.90 cents, and there has been some strength shown in wire products, another advance being recorded by the Pittsburgh Steel Company on annealed wire from 2.60 cents to 2.70 cents, coming two weeks after an advance of \$2 a ton on wire products by the independent. On rails \$2.50 to \$2.90 appears to be the quotable market. The outlook is for a very heavy production of wire, especially nails, this coming spring.

Disposition, Saturday, January 13: Los Angeles

Packers, 400 hogs.

Cattle: The largest supply of cattle to reach the

Los Angeles Union Stockyards for any one session

since the opening of the Union Stockyards, a

total of 50 cars, or about 1000 head, appearing on

the bulk of the supply quantity was rather plain and

trading side with spots on both steers and she-

epherd stock that looked to be lower, but much of the

supply was of steady price. Strength of demand

for high quality was indicated by the sale of a

load of 1200-pound steers at \$9.00 and a load of

1100-pound steers at \$8.00. Both loads were while

faced from Idaho, were of choice grade, and had

been finished on best pulp, barley, ground oats

and alfalfa hay. This shipment was in a class by

itself for quality grade. No other steers passed

4.00. Several loads of good Nevada and Wyoming

fed steers, averaging around 1100 to 1200 pounds,

sold at \$7.00 to \$7.50, and lighter steers of medium

weight sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

pounds steers, sold at \$6.00 to \$6.50. A load of 1000

Two New Gushers
Further Prove Our Lease
at Santa Fe Springs

Old Company's Meyer No. 4 and Machris Bros.
well—the latter 5000 barrels strong—have
come in at Santa Fe Springs, neighbors to our
well. They tapped the Meyer sand—richest of all
deposits in Southern California and which under-
lies our lease.

Let Us Take You to the Field Today!
We already over 2200 feet down. Each day takes us
nearer the rich oil bed below. Take our buses at N.W. cor-
ner 10th and Hill or 505 1/2 South Main St. today or any day
as early as 10:30 a.m. Lunch (free) at our big "Red Top"
canteen after an interesting lecture about the Santa Fe
field.

If you drive your own car, go out Telegraph Road a few
miles beyond Norwalk Road to "Spud Inn" Cafe. Turn
back to our sign. There is still an opportunity for you to
own stock at par, \$100, if you act promptly.

50-50 Split!
But You Get YOURS Before We Get OURS
Only 1000 Stock Interests, \$100 Each
In the Heart of Development at Signal Hill

Our derrick is paid for and the drilling machinery is ordered to be in-
stalled. The contract for drilling the well is now being made. We're
out and ready to go down after the big "Liquid Pay," which all the
world knows exists in the rich, deep sands in the wonderful Signal Hill
oil field. Six producing oil wells in our immediate vicinity, ranging
from 2000 to 4500 bbls. We feel sure it is a CINCH that we will get oil
in big paying quantity. We HAVE to get OIL to make any PROFIT.
That they get their money back IN FULL before we share in the
profits, then it is a 50-50 SPLIT. Nothing FAIRER ever was offered the
PUBLIC in any oil field anywhere.

We Are Selling Only 500 Stock Interests
\$50,000 Is ALL We Are Raising by Public Subscription.
Come to Our Office—We'll Tell You All About It.
This Is a Real Ground-Floor Oil Investment Opportunity

Some of the most substantial business men of Los Angeles are officers and
directors in the Cunningham Oil Company. Their INTEGRITY and
BUSINESS STANDING is a bulwark for YOUR PROTECTION. You
will get a real run for your money when you buy Stock Interests in this
company. Mr. George Cunningham is one of the most reliable geolo-
gists in the country. He knows Signal Hill from the time the first well
was started—and long before that time. He says he feels positive we
will get a big oil well—one that will make money for everybody inter-
ested in the company. His associates in the Cunningham Oil Company
are men you will be glad to know.

The 500 Stock Interests we are offering the public are really in effect
undivided shares, with all of the participating rights of common stock.
Each of these Stock Interests are guaranteed that all of the profits
from oil production will be paid to them FIRST until they have re-
covered every dollar they have invested. That's a mighty square arrange-
ment for investors, and really should be classed as a practical certainty.
Our well on our Signal Hill lease.

You Owe It to Yourself to Investigate This Immediately.
Meet Us Face to Face and Make Us Show You.
Office Open Evenings Until 9 o'clock for Your Convenience.

Grain Traders Adopt Cautious Buying Policy

(EXCLUSIVE DISPATCH)
CHICAGO, Jan. 15.—Grain traders are waiting for a clearing up in the Russian financial and political situation before taking a decided stand on either side of the market. Trade was extremely light and a good part of the day, with some holding within narrow limits. The under-
ground, however, was easy and at the last wheat was off 1/4¢ to 1/2¢ and was unchanged to 1/2¢ lower, oats the higher to 1/2¢ lower and rye 1/2¢ lower.

Local sentiment was rather bullish on wheat, corn and soybeans, but at 1:15, at which time support was unimpaired. Foreign statistics were bullish, with world's shipments of 15,317,000 bushels, wheat was much larger than expected and an increase of 2,032,000 bushels on some crops. This was responsible for a decline of 1/4¢ to 1/2¢ in wheat, combined with cheaper Argentina and Manitoba offerings.

The market was easily influenced by any good buying or selling due to an absence of outside trade and an advance of 1/2¢ from the last figure was easily attained on local buying. With the exception of some durum wheat taken by Italy, export demand was slow and apparently the entire world is waiting a settlement of the European difficulties. No rain was reported in the Southwest, where drought continues. A decrease of 250,000 bushels in the wheat while the trade looked for an increase led to buying at one time.

While some of the local professionals are decidedly bullish on corn, they are getting practically no assistance from the outside and each one was inclined to drag with the heels off 1/4¢ to 1/2¢ as compared with May. However, there is light and cheerful news not so recent. No change was shown in the interior, with light country offerings and outside markets. Conflicting Chicago arrivals from 1 to 4¢ per bushel. Export demand also was weak. Receipts, 400 cars. (A fair cash demand was in evidence in oats and the removal of hedges had some effect on figures, but in the main the market reflected the fluctuations in corn. Visible supply showed a fairly good decrease. Receipts, 100 cars.

House with eastern connections were on the buying side of rye, while the Northwest was the best seller. Domestic was quoted with buying 300,000 bushels rye on overnight offers, and local handlers sold 50,000 bushels to the seaboard. The two northwestern markets had 100 cars.

WHEAT AND CORN

	Open	High	Low	Close
Wheat	1.12 1/2	1.13 1/2	1.12 1/2	1.13 1/2
May	1.13	1.14	1.12 1/2	1.13 1/2
July	1.13	1.14	1.12 1/2	1.13 1/2

The Times

LOS ANGELES

TUESDAY MORNING, JANUARY 16, 1923.—PART II. 20 PAGES.

POPULATION [By the City Director (1922)--211,892 By the Federal Census (1920)--211,892]

SWEEPING CHANGES URGED IN STATE PENAL CODE

Speakers Before Crime Commission Asked to Help Formulate Bills to Speed Up Justice

First steps toward the formulation of a program of legislation whereby existing authorities will be able to adequately cope with the increasingly dangerous crime situation in Los Angeles were taken yesterday by the members of the Crime Commission of the Community Development Association.

CHARLIE AND POLA MOTOR AND SMILE

They Visit Santa Barbara; They See Buddha; He Sees Them; All Three Mum

Charles Chaplin, chaperoned by his chauffeur, and Pola Negri, with a woman companion, returned yesterday from an unannounced but not precisely sub-rosa journey to Santa Barbara, where they spent Sunday morning, Sunday night at the Hotel Samarkand and part of yesterday morning.

Masonic Club to Give Stag at Alexandria

The first stag of 1923 of the Los Angeles Masonic Club will be held tonight at the ballroom of the Alexandria, under direction of Harry G. Laaker, chairman of the entertainment committee, and Irving Mitchell, club president.

BEAUTY VENDORS IN COURT

Complexion-Parlor Artists Desist from Business Long Enough to Sue Each Other

Members of the motion-picture colony, Miss Hobson is represented by Attorneys Fird and Bodkin, while Attorneys Dehm and Cohen are acting for Mrs. Harris.

DRIVE FOR NEW CHARTER OPENS

Resolution Introduced in Council by Sparks

Would Submit Proposal at Next Election

Provides Freeholders Board to Draft Plan

The movement for a new charter for Los Angeles formally was started at yesterday's session of the City Council when Councilman Sparks introduced a resolution under which the Council would submit at the next general election the proposition of selecting a board of freeholders to draft a new charter.

SPARKS RESOLUTION

"WHEREAS, this city has long been laboring under an inadequate and unsatisfactory and antiquated charter, and

THIRTY-FOURTH VERDICT

Among the more important articles of proposed legislation under consideration is a constitutional amendment or other statute providing that three-fourths of a jury may return a verdict in criminal cases, with the possible exception of cases involving capital punishment.

CHAMBER BOARD MOVE

Realizing the necessity of a new charter and the importance of getting its consideration before the people, with analysis of its proposed form in time for the special election that may be held by the City Council, or at the regular municipal election in the spring, the board of directors of the Los Angeles Chamber of Commerce has initiated a movement for its furtherance that is meeting with approval and success among the citizenry.

INDUSTRIAL DIRECTORS ARE CHOSEN

Annual Election Held by Los Angeles Merchants and Manufacturers

At the annual election of the Merchants and Manufacturers Association, the following were elected to the board of directors: Godfrey Edwards, N. W. Kellaway, J. O. Mills, I. H. Rice, Hugh F. Stewart and J. B. Whitaker.

PLACES NAME ON DOTTED LINE

Screen Star Signs Five-Year Contract

BUILDING OF SCHOOL MAY BE DELAYED

Education Board is Asked to Erect Structure as Unit of Civic Center

Plans for the erection of a \$400,000 building to house the part-time instruction department may be held up by the Board of Education in order to consider a plan brought last night by Gordon Whitnall, director of the City Planning Commission, to have an educational building erected as one unit of the proposed Los Angeles civic center.

Large Still and Much Liquor Are Taken in Raids

Wright-Act Enforcement Raids Were Captured Yesterday by Chief Investigator George Contreras, when One of 100-Gallon Capacity was Confiscated in an Old Barn at Culver City.

SELECTION OF JUROR TAKES UP ENTIRE DAY

The court day in Judge Shenk's department of the Superior Court was taken up yesterday in picking one alternate juror to try eight asserted I. W. W. members accused of criminal syndicalism. One more alternate juror remains to be selected, as one of the original jurors is ill.

GOOD COOKS, ATTENTION!

Cash Prizes Offered by "Times" in Recipe Contest

An announcement of much interest to Southern California housewives and other culinary experts will be found on Page 8, Part II, of The Times today.

BAKERY OFFICIALS HERE

Leading Representatives of Industry Arrive to Take Part in "Bread Week" Program

Three of the leading representatives of the national baking industry arrived in Los Angeles yesterday to participate in Bread Week, which will be launched next Monday by proclamation from Mayor Cryer.

COLLECTOR, ARMED, HELD UP, ROBBED

Fearless Bandits Escape With \$1800 Taken While Crowd Watches

Bandits who braved a revolver O. H. Friend, collector for the Van De Kamp chain of bakeries, had on the seat beside him, held up the collector at the intersection of Seventh and Carondelet streets early last evening and robbed him of \$1800.

EMERSON IS HELD; GIRL IS ACCUSER

Professional Dancer Taken Into Custody in Bay City; Released on Bail

Walter Emerson, professional dancer and motion-picture actor, was arrested today on a statutory charge preferred by his former dancing partner, Miss Susette Marie Tobey.

Large Still and Much Liquor Are Taken in Raids

The largest single still taken in Wright-Act enforcement raids was captured yesterday by Chief Investigator George Contreras, when one of 100-gallon capacity was confiscated in an old barn at Culver City.

SLANDER CHARGES FILED

Defendant, Witness and Attorney in Divorce Hearing Accused by Couple Named in Testimony

As the climax to a sensational divorce hearing during which pajamas and petting parties and liquor were mentioned frequently, suit for \$5000 damages for asserted slander was filed late yesterday against Montgomery Phister, attorney in the divorce action, Elizabeth Wilkes, a witness in the suit, and Allen Wallace Pickering, the defendant in the case.

JOY RIDE HAS SUDDEN FINISH

Police Have Wild Chase on Boulevard

Youths in Fleeing Car Fire at Officers

A joy ride, the speed of which was increased by an apparently generous use of liquor was brought to an end yesterday afternoon, two miles east of Montebello on East San Gabriel Boulevard when a traffic officer punctured the gas tank of the speeding car with a bullet from his gun. The shot fired by the officer was in reply to several sent in his direction by occupants of the car.

Police Have Wild Chase on Boulevard

Youths in Fleeing Car Fire at Officers

Bullet in Tank Stops Auto, Girls Captured

A joy ride, the speed of which was increased by an apparently generous use of liquor was brought to an end yesterday afternoon, two miles east of Montebello on East San Gabriel Boulevard when a traffic officer punctured the gas tank of the speeding car with a bullet from his gun. The shot fired by the officer was in reply to several sent in his direction by occupants of the car.

EMERSON IS HELD; GIRL IS ACCUSER

Professional Dancer Taken Into Custody in Bay City; Released on Bail

Walter Emerson, professional dancer and motion-picture actor, was arrested today on a statutory charge preferred by his former dancing partner, Miss Susette Marie Tobey.

SLANDER CHARGES FILED

Defendant, Witness and Attorney in Divorce Hearing Accused by Couple Named in Testimony

As the climax to a sensational divorce hearing during which pajamas and petting parties and liquor were mentioned frequently, suit for \$5000 damages for asserted slander was filed late yesterday against Montgomery Phister, attorney in the divorce action, Elizabeth Wilkes, a witness in the suit, and Allen Wallace Pickering, the defendant in the case.

MOTHER! BREAK CHILD'S COLD
WITH "CALIFORNIA FIG SYRUP"

Hurry! Move Little Bowels with this Harmless Laxative

Whatever else you give your child
to relieve a bad cold, sore throat or
constipation, be sure to first open the
little one's bowels with "California Fig
Syrup" to get rid of the poisons and
wastes which are causing the cold and
constipation. In a few hours you can
see for yourself how thoroughly it
works the constipation poison, sour
life and waste right out.

Even if you call your family physi-

cian he will praise you for having
given "California Fig Syrup" as the
laxative because it never fails, never
cramps or overacts, and even sick
children love its pleasant taste.

Ask your druggist for genuine
"California Fig Syrup" which has di-
rections for babies and children of all
ages printed on bottle. Mother! You
must say "California" or you may get
an imitation fig syrup. (Advertisement)

10¢

"CASCARETS" TO CLEAN BOWELS

When Sick, Bilious, Headachy, Constipated, for
Sour Stomach, Gases, Bad Breath, Colds

When you feel sick, dizzy, upset,
when you feel sick, lazy, upset,
when your head is dull or ach-
ing, or your stomach is sour or gassy,
just take one or two Cascarets.
As soon as the bowels begin acting
and bowel poisons and bowel gases are

cleared away, you will feel like a new
person.
Cascarets never sicken or cramp you.
Also splendid for constipated children.
It costs a box, also 15¢ and 5¢ cent
sizes. Any drug store. (Advertisement)

OIL LANDS ARE
TO BE WORKEDConcession Offered Here is
Halted for MomentsLos Angeles Capital, Ready,
Awaits Right TimeOfficials Now on Way East
to Talk Over Deals

Miguel Alejo Robles, secretary
of Commerce, industry and labor
of the Oregon Cabinet, is on his
way to New York where, it is be-
lieved, he will take up the dispo-
sition of the Mexican Federal oil
lands which have not been offered
for drilling since the Diaz regime.
This information was made known
here yesterday from a reliable
source.

A dispatch from Mexico City
yesterday said that A. Vazquez del
Mercado, subsecretary of com-
merce in the absence of Senor
Alejo Robles, had announced that
the concession to drill on a vast
section of the Federal lands in the
Tampico and Tuxpan districts re-
cently offered to a group of Los
Angeles business men had been
canceled because of the failure
of the Americans to make the
initial deposit of 400,000 pesos.
It is believed, however, that the
Los Angeles deal merely has been
suspended. The local men made
their arrangements directly with
President Obregon, the detail
being worked out by Senor Alejo
Robles.

DEAL NOT HOPELESS
The concession was to have been
ratified on December 15, but there
was a delay in the receipt of the
draft to which the Los Angeles
group objected in one or two
minor details. No proper time was
given to work out these points,
which the Los Angeles men be-
lieve can be done yet.

Whether the local deal goes
through or not, it is apparent that
the Mexican government intends to
offer the Federal lands for con-
cession by persons not con-
nected with the old established oil
companies, with whom the Mexi-
can government has been in con-
trovery since the Constitutional
amendment placing oil lands under
government ownership to be
conceded only under the royalty
system.

To this the oil companies have
objected as a confiscatory measure,
and the matter has become one of
the chief obstacles to the recog-
nition of the Obregon administration
by the Washington government.
It is known that President Obre-
gon was interested particularly in
seeing the group of Los Angeles
capitalists exploit the Federal
lands under government conces-
sion, and hence it is believed that
the transaction still may be con-
summated. It is said that several
millions of dollars of Los Angeles
capital are ready to be employed
if a satisfactory concession can be
obtained.

ARREST EXPECTED
IN ACCIDENT CASE

An arrest is expected within the
next few days following an acci-
dent on Lankershim Boulevard in
the San Fernando Valley some days
ago in which A. N. Flinn, 1941
Kagel avenue, was injured seri-
ously, according to Detective Ser-
geant McMahon of the Hollywood
police division.
A. D. Flinn, son of the injured
man, said the machine which col-
lided with his father's car did not
stop to render aid but sped away,
closely followed by a passing mo-
torist who witnessed the accident.
Although this eyewitness testi-
mony is catching up with the fleeing
car, it was reported that he ob-
tained the automobile license num-
ber.

SCHOOLS' HEAD JOINS FIGHT
IN PENAL CODECity Superintendent's Protest at Showing of Arbuckle
Films Added to Council's Pile

Mrs. Susan M. Dorsey, superintendent of the Los Angeles public
schools, in a letter received yesterday by Robert M. Allan, chairman
of the City Council's public welfare committee, strongly opposed the
reappearance on the motion-picture screen of Roscoe (Fatty) Ar-
buckle.

Councilman Allan, who from the
floor of the City Council has urged
that an ordinance be enacted which
would prevent the showing of Ar-
buckle's films in Los Angeles, had
written Mrs. Dorsey asking for her
support in the movement to pre-
vent the exhibition of Arbuckle's
pictures. Mrs. Dorsey's reply was as
follows:

STIRRED BY ACTION
"Dear Mr. Allan: I am in receipt
of your letter of the 10th inst.
Nothing in our national experience
of the kind has stirred me
quite so much as the action of Mr.
Hayes in countenancing the return
of Arbuckle to the motion-picture
world. The theatres and the motion
picture are educators just as surely
and sometimes I think more surely
than the schools, and it is becom-
ing more necessary every day that
those who presume to educate the
people through these agencies
should be of the highest moral
character. Every right-minded citi-
zen should protest to the last limit
of his ability the reappearance of
Arbuckle."

DECISION NEAR
The Southwest Chamber of Com-
merce, the Friday Morning Club
and other organizations have simi-
larly urged the City Council to
ask for legislation to prevent
the showing of Arbuckle pictures.
The entire matter will come before
the Council, it is believed, in the
middle of the week, within the next
two weeks, when the City Attorney
will be asked to report as to how far
the Council has power under the
city charter to prohibit the show-
ing of films which are in them-
selves indecent but in which ap-
pear players who have figured un-
favorably before the public.

TERMINAL PLEA
BRIEF IS READY

(Continued from First Page)

the act of Congress of 1920 in
the Interstate Commerce Com-
mission over the subject of union
terminal facilities.
The California Railroad Com-
mission and the city of Los An-
geles are considering taking this
matter to the Supreme Court.
The Interstate Commerce Com-
mission has a view:

(1) To bring the unifor-
mity of terminal facilities of the
three interstate roads, includ-
ing the construction of a union
passenger station.
(2) To accomplish the elimi-
nation or separation of the most
important grade crossings.
We assume that in view of the
decision of the Supreme Court,
the Interstate Commerce Com-
mission has sole and exclusive
jurisdiction over the first matter.
As to the second matter, we believe
that some plan should be agreed
upon whereby these absolutely vital
grade-crossing problems can be
dealt with and disposed of by the
Interstate Commerce Commission
alone or jointly with the Califor-
nia commission, or by some other
agency, to be determined by the
two commissions. It is in-
conceivable to the city of Los An-
geles and to the California com-
mission that judicial action should
be taken to block a remedy
plan in an intolerable grade-crossing
situation or should even delay for
any length of time a proper solu-
tion.

NO DISAGREEMENT
"We feel justified in making so
strong a statement because there is
no disagreement on the question
of grade-crossing elimination. The
disagreement is on the matter of
the commission's engineers and approved
by the commission, are essentially
agreed to by all the parties and
have been in full force by the
city of Los Angeles.

"Any program of procedure that
may result from this conference
should meet the following condi-
tions: A method of procedure should
be adopted by the Interstate Com-
merce Commission that will lead to
a final determination of the matter
in the shortest possible time, such
a course seems essential and just-
ifiable in view of the fact that
these matters have now been
pending for upward of five years,
and in the meantime the railroad
development and the general mat-
ter of vital transportation develop-
ment of Los Angeles has remained
at a standstill.

The large record in the proceed-
ings before the California com-
mission, including the record of the
California commission, should be
made available to the Interstate
Commerce Commission. In this connection
the California commission places its
engineering department and the dis-
posal of the Interstate Commerce
Commission.

"Hearings in this matter should
be held in Los Angeles, if possible,
and not in Washington, in order
that the local situation may be
understood by the Interstate
Commerce Commission, and in
order that the city and other local
interests may properly pre-
sent their case.

"We should like to have the In-
terstate Commerce Commission to
the fullest extent possible make its
own independent investigation.
The question of the joint pro-
ceedings or a co-operative pro-
ceeding relating to both the union
station matter and the grade cross-
ing matter, or separately relating
to the latter, should be given con-
sideration."

PERSONAL
If the lady with the blonde hair
and entranced expression on the
street car yesterday, who became
provoked because the gentleman
sat beside her turned over a
page in his magazine before she
had finished reading it, will send
her name and address and 25 cents
to any news stand, she will be
spared the necessity in the future
of manifesting her displeasure at
the publisher of the magazine.
Confessions, the new magazine
published by the Famous Publica-
tions, also publishers of "Capti-
vity's Whiz Bang," Robbinsdale,
Minn., in February issue of True
Confessions there will be nearly
score of exquisite love stories and
baffling stories from real life.
Nearly 200,000 paid circulation in
seven months. Note on sale.

TOURISTS TO
FLOCK HERE
THIS YEARSteamship Line Agent Says
1923 Will be California's
Banner Visitor YearMore tourists will come to Cal-
ifornia this year than in any pre-
vious year, according to R. V. Crow-
der, general passenger agent of
the Los Angeles Steamship Com-
pany, who has returned from
his trip throughout the East and
Middle West in the interest of
his company.

He also says that the Hawai-
ian Islands are the most popular
enjoy the heaviest tourist
travel in their
history.

Mr. Crowder visited all the
tourist and railroad agencies in the
larger cities, and states that trans-
portation men report the heaviest
demand in history for information
regarding Southern California and
Hawaii.

He states that the advertising
campaign of the All-Year Club of
Southern California, California,
Inc., the Hawaii Tourist Bureau
and the Los Angeles Steamship
Company has produced gratifying
results and has caused travel
agencies throughout the East and
Middle West to be besieged for in-
formation and descriptive literature
of Southern California and the
islands. And not the least im-
portant in this concentrated cam-
paign, claims Mr. Crowder, is
the advertising campaign carried
out by the steamship companies
of California concerning the ad-
vantages of packages of travel to
the well equipped ships which ply
between coastwise ports and Hon-
olulu and the excellence of their
service.

"Travelers have been pretty well
'fed up' on travel to the Medi-
terranean and the battlefields of
Europe," Mr. Crowder said, "and
are more and more realizing that
America has attractions for the
tourist second to none and that
when the time comes they will
right at home than Europe can
offer."

Unwritten Law
Fails Husband
in Court Trial

George Luke, charged with as-
sault with a deadly weapon, testif-
ied before Judge Monroe yester-
day that when he saw his wife
Emma in the arms of Arthur Rin-
denow his fury was beyond reason.
He said he drew his revolver,
closed his eyes and fired.

Despite his closed eyes his aim
was good. Rindenow was shot, but
not fatally. The unwritten law was
Luke's defense, but the written
law, as put forth by Dep. Dis-
trict Attorney Powell for the prosecution,
was upheld. Luke was found
guilty.

The defendant was released on
his own recognizance until Mon-
day, when sentence will be pro-
nounced.

HOLLYWOOD WOODMEN
ADOPT SCREEN STARS

The Hollywood Camp of Modern
Woodmen of America will give a
special class adoption, with an en-
tertainment program tonight at
the Masonic Temple grill room on
Hollywood Boulevard.

Dinner will be served early and
will be followed by a program put
on by Herbert Rawlinson, Univer-
sity star, Neal Burns, star of
Christie Comedies, and Herbert
Brooks, card king.

A large class of new members
is to be adopted into the organi-
zation, including the following
film artists: Robert Agnew, Monty
Banks, Levitt Caspary, Edgar
C. Yeager, George Monberg, Alex-
ander Alt, Bruce Mitchell, Reginald
Denny, Herbert Rawlinson,
Neal Burns and Carter de Haven.

**PACOIMA FIRE TRUCK
STRIPPED BY THIEVES**
SAN FERNANDO POLICE
LEARN OF THREE-DAY-OLD
ROBBERY

In a report to the San Fernando
Valley police yesterday, a mem-
ber of the Pacoima Fire Depart-
ment told of the theft of all re-
movable accessories from the fire
truck, including spot light, igni-
tion coils and globes, together with
the checkbook from the firehouse
front door.

The robbery occurred sometime
Friday or Saturday. The fire truck,
a small one, is owned by the
city, and no one noticed the theft
until early Monday.

McNEIL ISLAND NOW
LEAVENWORTH RIVAL

A few of the choice spirits be-
hind the bars at McNeil Island
having been weeded out, there is
room in that institution for boot-
leggers and other violators of the
federal law, according to a
statement made in Judge Bledsoe's
court yesterday by Asst.-U. S. Dis-
trict Attorney Herron.

URGE CHANGES
IN PENAL CODE

(Continued from First Page)

and declared that more criminal
deputies will be needed for the
work. He hopes to establish four
night patrols in place of the pre-
sented one. He advocated legislation
regulating receivers of stolen goods
and peddlers of narcotics.

Mr. Keyes declared that our
principal need in handling crime
is for swifter and surer justice. He
cited the Bywaters case in En-
gland as an example of justice ad-
ministered in a fashion calculated
to put fear into the hearts of other
potential criminals and appealed
to the newspapers to educate the
public to the necessity for the intel-
ligent jury duty. He declared that
our present parole and probation
systems, while excellent in theory,
are subject to grave abuses and
said that most of those now ar-
rested for crimes of violence are
paroled convicts. He declared that
legislation should be enacted mak-
ing it as hard to get firearms as
to get poison. He drew attention
to the fact that the Sheriff is now
expected to patrol the whole of Los
Angeles county at night with one
slow automobile and four deputies.

County Counsel Hill blamed the
psychology created by the late war
for the present crime wave. He ac-
cused Mr. Keyes' appeal for quick
justice and also urged the segre-
gation of convicted criminals from
those awaiting trial in the County
Jail. He declared that sensational,
front-page treatment of crime by
the newspapers does much to pro-
mote law breaking and said that
the daily journals should educate
the public away from crime rather
than toward it.

Supervisor Dean gave some data
regarding the new Hall of Justice to
hose the crime in machinery of both
city and county, and said that con-
struction work on this will start
immediately, the contract for ex-
cavation having been already let.
He called attention to the fact that
work being done by the county
road camp, where prisoners are
required to serve misdemeanor
sentences in some cases. He com-
mended the plan for sending candi-
dates for probation to this camp
pending such times as they evince
a disposition to make good.

Supervisor Wright said that the
Sheriff should have more help
from the county consulars and
that the latter should be orga-
nized for greater efficiency.

Supervisor Woodley advocated
an investigation of existing penal
statutes and court procedure look-
ing toward a better administration
of justice.

MEDAL FOR
ANGELENO
IS SOUGHT

Recognition of Bravery in
Form of Carnegie Hero
Award is Urged

Jack Donovan, former Army avi-
ator, of 4135 Sunset Boulevard, on
the heels of his second rescue of
drowning persons in five months,
received yesterday from the Pa-
cific division, American Red Cross,
that he would be recommended for
a Carnegie Hero medal for his first
rescue, which took place last Au-
gust.

Donovan pulled Jack Prender-
gast, also an aviator, out of the
ocean at Santa Monica last Sunday
when the latter was in danger of
drowning from a sudden cramp.

Donovan's first rescue was that
of Mr. and Mrs. L. Levinsky at
Crystal Pier, Ocean Park, when he
attended with considerable dan-
ger. The tide, an undertow and
a swirl of seaweed made the work
beneath the pier and Donovan had
great difficulty in getting them out.

Dr. G. H. Richardson of San Fran-
cisco awarded Donovan mem-
bership in the life-saving corps of
the Red Cross for this exploit and
has directed Capt. T. W. Hoffman
of Los Angeles, divisional field di-
rector, to get together the state-
ments necessary for application to
the Carnegie Hero Fund Commis-
sion.

**Students Will
Learn Work in
Office of City**

Ten students of the University of
Southern California, forming the
public utilities seminar, will do
their work in conjunction with the
public utilities department of the
city under the direction of George
C. Yeager, assistant city engineer.
According to the announcement made
yesterday by Prof. Emory Olson,
assistant to the dean, college of
commerce, of that institution, the
seminar will be established at the
beginning of the second semester,
February 15.

A complete course of studies for
freshmen entering the institution
in February also was announced
by Prof. Olson. These classes in
the college of commerce will be
given in response to the large num-
ber of applications from high
school students graduating in Feb-
ruary. Classes will include En-
glish, history, economics, elemen-
tary accounting and business law.
New classes offered for the first
time in the second semester will
include commercial banking under
Henry S. McKee, vice-president of
the Merchants' National Bank and
president of the California Bank-
ers' Association; C.P.A. problems,
under Dr. Walter Morton, certified
public accountant; current prob-
lems in agricultural economics, un-
der John R. Riggleman; city plan-
ning, under Gordon Whitnall, sec-
retary of the City Planning Com-
mission, and a new course in in-
come-tax problems.

MAN SO ILL
HE'D NOT STAND

Lydia E. Finkham's Vegeta-
ble Compound Made Her Well
and Strong

Lydia E. Finkham, N.Y.—"For over two
years I was sick. I was not able to
stand on my feet, and my husband
did my house-
work. The doctor
said I had an operation
might be neces-
sary. I read testi-
monial letters about
Lydia E. Finkham's Vegeta-
ble Compound and began to take it.
Before I had finished taking
it, I saw what good it was
doing. I am now well and strong,
and my work for a family of four,
including my sewing, which
is remarkable, as I had not
been able to do it for years. I
am now saving my hand. I truly
believe it was not for your medicine
that I am well today as my case
was very serious."—Mrs. GEORGE

People and Their Trouble

Questions Answered

(Any reader can get the answer to any question by writing the Los Angeles Times Information Bureau, 1200 Broadway, New York, N. Y. This office will not give advice on legal, medical and financial matters. It does not attempt to settle domestic quarrels, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and inclose 1 cent stamp for return postage. All replies are sent direct to the inquirer.)

Question: Is it unwholesome for children to eat snow? C. P.

Answer: The United States Public Health Service says that snow falling to the ground is the purest form of water known. It is only after it is stepped on or contaminated by handling that it becomes dangerous. Care should be taken to let children eat only a moderate quantity of newly-fallen snow as there is a possibility of chilling the stomach. Do not handle the snow in collecting it as food. Collect it in a dish. Adding a small amount of whipped cream and sugar makes a dessert that children consider a treat.

Q: Was the famous Italian medium Palladino, ever exposed as a fraud? N. A. B.

A: Despite the fact that it was proved that Palladino practiced fraud at times, the supernatural character of certain physical phenomena which occurred in her presence has never been explained. It is said of her that for over twenty years she remained an unsolved puzzle and defied solution at the hands of many skeptical investigators.

Q: Can one go direct from Paris to Bucharest without change?

A: The Orient Express makes the trip without change, in three nights and two days.

Q: How is "Sinala" pronounced? A. H. D.

A: The name of this famous Rumanian resort where the King and Queen are often in residence, is pronounced as if spelled Sin-ah-rub, and accented on the second syllable.

Q: Is the sun nearer the earth in winter or in summer? Q. W. S.

A: The sun is approximately 3,000,000 miles nearer the earth on January 1 than on July 1.

Q: Why does the National Geographic Society develop water turbines, that is, how much water makes power and how much goes through the turbine without making power? E. M. L.

A: Water turbines develop about 75 per cent efficiency for small turbines and a higher per cent for larger ones.

Q: When was the National Geographic Society started? E. L. A.

A: It was organized thirty-four years ago.

(To the Editor of The Times: I have read the front page of the second part of The Times recently a picture of a lady, Miss Margaret Leahy, the most beautiful girl in England, an actress.

I am writing now the real truth in regards to this case. Every time I see a picture of her in this country that is a foreigner, mostly there is a big wow-wow over her; as she is a beautiful woman. Why do they advertise such lies? Here is an extract out of the Manchester Guardian Weekly, (England) Friday, November 24, 1921:

"Two American cinema actresses, the Talmadge sisters, while on a visit to this country, selected from a number of aspirants a young lady to be trained in America, as a British film star. The choice, Miss Margaret Leahy, was unknown a fortnight ago to anyone outside her circle of personal friends, and as she has still to be trained for the cinema, she has no reason to honor her as an actress. Yet even before she leaves to begin her apprenticeship in America, she is being making a triumphal tour through the great cities and is being entertained in a pride of citizenship may reasonably ask why lord mayors lend their dignity to such occasions." G. M. BUXTON.

MAN ON PROBATION HELD AS PICKPOCKET

PROMISED TO BEHAVE AND GO TO CHURCH WHEN ARRESTED

Charged with petty larceny, Herman De Vaughn, asserted pickpocket, was held to answer yesterday by Justice Scott. Bail was fixed at \$2500.

De Vaughn is charged with picking the pocket of Andrew J. Linbloom of a purse containing two keys and \$11.

It is said the De Vaughn is on probation on another charge of picking pockets. He obtained probation by promising never to do it again and to go to church regularly. When he was arrested on the present charge he pleaded for another chance and promised that, if given it, he really would go to church, the police say.

Activities and Plans of Women in Many Spheres.

WOMAN'S CLUB TO BUILD HOME

Downtown Clubhouse Will be Planned at Once

Members Are Enthusiastic in Support of Idea

Committees Are to be Named at Early Date

BY MYRA NEE

At an enthusiastic meeting of the Woman's City Club yesterday afternoon, action was taken to proceed at once with plans for building a clubhouse in the downtown district.

The plan of meeting, Walker Theater Building, was filled with members only and the subject, "To Build or Not to Build," was discussed thoroughly. More than forty members spoke on the motion, which passed with only thirty-four opposing it.

Mrs. William P. Cunningham made the session interesting and even dramatic, with her individual way of presenting the subject. She announced that she will name the committee before the next meeting and the plans will be pushed as rapidly as possible. The club now numbers more than 1500 members and is being increased materially at each meeting with a long list of new members.

Until the present administration the thought has prevailed that rented property would be the best way to carry out the plan. The organization better than ownership as the latter would tend to make the activities more commercial.

The club is organized for citizenship of women and for civic purposes, not aiming to promote the art or philanthropy except as they pertain to good citizenship and the city's welfare. The club is not a social club and acts independently in its endorsements rarely made.

The National League of Women Voters committee, appointed at last year's convention to consider the 1933-34 plan of work for the organization, issued its recommendations today for the consideration of state leagues, who will meet upon them at the National League convention in Des Moines April 9 to 14.

The committee was created at the suggestion of the Pennsylvania League and consisted of five members, with Miss Bell Sherwin of Cleveland, second vice-president of the national organization, acting as chairman. The first recommendation voted is that the standing committees should not be abolished.

PURPOSES FOLD

"These standing committees," says Miss Sherwin in the statement, "exist to give widespread information on welfare measures which are the concern of voters. They never were intended and never have undertaken to do the kind of welfare work of which organized groups carry on under the same or similar names. Their work is to provide voters with the facts they need in order that they may get government, State and Federal, to do the work which private agencies have begun and for

which such agencies have set standards.

"The league has developed three new pieces of machinery for perfecting the political education of the voter—the citizenship school, the conference of men and women on better methods of government and the round table for the discussion of international affairs—and as a first step toward this unification it is recommended that the committee on uniform laws and the committee on American citizenship be merged immediately into the department of efficiency in government under one chairman, and that the committee on food supply and demand be abolished."

"That the question under discussion be committed to a committee of five, one of whom shall be a member of the national board and one a representative of the standing committees and three others to be appointed by the executive council and instructed to prepare a plan which shall be submitted to the State boards three

MERGING ASKED

"It is recommended by the Pennsylvania League of Women Voters that the department of efficiency in government be made the chief department of the league, and as a first step toward this unification it is recommended that the committee on uniform laws and the committee on American citizenship be merged immediately into the department of efficiency in government under one chairman, and that the committee on food supply and demand be abolished."

RESOLUTION CARRIED

"That the question under discussion be committed to a committee of five, one of whom shall be a member of the national board and one a representative of the standing committees and three others to be appointed by the executive council and instructed to prepare a plan which shall be submitted to the State boards three

"TIMES" RECIPE CONTEST

Readers of The Times are invited to participate in a series of culinary contests in which this journal will pay cash prizes for the best recipes submitted. There will be six contests, each lasting two weeks. In each contest the best recipe submitted will win a first prize of \$10, the next best \$7.50 and the third best \$5. In addition to these there will be two special prizes of \$10 and \$5 for the two best recipes for Spanish dishes. These Spanish-dish recipes may be submitted at any time during the twelve weeks, or until April 7. All other recipes must be submitted before the end of the two weeks allotted to the contest in which each is intended as an entry.

The first contest began January 13, and closes Saturday, January 27. It is a contest for the best recipe for a soup or an appetizer. The winners will be announced in The Times on Saturday, February 2.

The second contest, which will be for the best recipe for preparing fish or a fish sauce, will begin January 27 and close February 19. Winners will be announced February 17.

The third contest will be for the best recipe for preparing meat or a meat sauce. It will run from February 19 to February 24. Winners will be announced March 3.

The fourth contest, to run from February 24 to March 10, will be for the best recipe for the preparation of vegetables. Winners announced March 17.

The fifth contest, March 10 to March 24, will be for the best salad or salad dressing. Winners announced March 31.

The sixth contest will run from March 24 to April 7. It will be for the best recipe for a dessert. This may be cake, pastry or frozen or moulded dessert. Winners in this and in the special Spanish-dish contest will be announced April 14.

Honorable mention will be given worthy recipes which do not win prizes.

The Times reserves the right to print any recipe submitted in its columns or in book form. In such case the name of the author will also appear.

Recipes must be written on one side of the paper only, must be legible and plainly marked with the name and address of the author.

No manuscripts will be returned.

It is not necessary to be a subscriber to The Times to compete. Anyone may enter any or all of the contests, submitting as many recipes as desired.

Originality, economy and adaptability to Southern California conditions will be considered in judging the recipes. Contestants should submit only recipes that have been thoroughly tested out in their own kitchens.

Specify exact amounts of ingredients, using level measurements. Do not use trade-marked names of ingredients.

Recipes should be sent in as early as possible. A recipe may be sent in before the actual start of the contest in which it is entered but in this case the fact must be noted at the top.

Address all recipes to The Times Recipe Editor, Times Building, Los Angeles.

SOCIETY

The Annandale Country Club is enjoying its annual social as a social rendezvous as Pasadena's gay winter colony assembles.

One charming dancing party will be that given by Mrs. Herbert Crapp for her daughter, Miss Dorothy Crapp, and her friend, Miss Jane Barrett, which will take place on the 16th instant.

The dinner-musical arranged for January 25 is proving popular. Mr. and Mrs. A. C. Volk of Orange Grove avenue will be hosts to sixteen guests on that occasion, while other hosts will be Mr. and Mrs. Charles L. Lohr, Mr. and Mrs. J. C. Lohrman and Mr. C. C. Armour of Linda Vista Drive will entertain for his friends.

Moved to Beverly

Mr. and Mrs. E. P. Morphy, long residents of Santa Monica, where they owned a picturesque home, have built a beautiful new home at Beverly Hills, 808 Camden Drive, which they moved into about three weeks ago.

An interesting visitor who will be their house guest for the winter is Mrs. Stanley Maw (Elsie Morphy) of Winnipeg, formerly a popular member of the country club set here. Mrs. Maw will bring her little son and her young daughter, who are being planned in their honor.

Announcement Too

Mr. and Mrs. Elmer Grey were hosts at a large reception tea on Sunday at their home, 1872 South El Monte avenue, Pasadena, when the engagement of their pretty daughter, Miss Marie Rohrbacher, to Dudley Logan of Los Angeles was announced.

Mr. Logan is the son of George L. Logan and one of the city's popular bachelors.

Miss Rohrbacher is a graduate of Miss Orton's School for Girls in Pasadena. The marriage will take place in late spring.

For Pittsburg Debutante

Mrs. W. T. Toag of 127 South Wilton Place will entertain at her home this afternoon with a reception tea in honor of her young cousin, Miss Lela Edwards, who will thus be introduced to the younger set.

Dr. and Mrs. Orden M. Edwards of Pittsburg, with their daughter Lela, are guests at Hotel Huntington for the winter.

A Youthful Marriage

Miss Ruth Swindell, daughter of Mr. and Mrs. George Swindell, 359 South Berendo street, and Robert Gaylord of the Continental National Bank were married at St. James' parsonage, Wilshire Boulevard, on Saturday.

Mr. Gaylord, who is only 19, is a graduate of the Bishop's School at La Jolla, the Los Angeles High School, and is one of the distinguished pupils at the Otis Art Institute.

Mr. Gaylord, who is only 22, is also a Los Angeles High School graduate and recently has become associated with the Continental Bank here.

After their honeymoon they will reside in Venice.

New Arrival

Friends of Mr. and Mrs. Rex V. Bixby will be interested to learn that a sturdy young son was born to them last week, both mamma and babe doing well at Good Samaritan Hospital.

Mrs. Bixby is the popular young author, Mrs. Lewis Bixby, magazine and syndicate writer, whose "Priscilla Jane's Book" (for Use When I Marry) is hot off the press.

Wedding Announcements

Miss Ella Farrington, daughter of Mr. and Mrs. John Farrington of Salt Lake City, is to marry W. C. Bell of the Wiley B. Allen Company, this city, on the 26th inst.

The young people expect to make their home in Los Angeles and are the inspiration of numerous congratulatory social affairs.

Mr. and Mrs. N. C. West of New Orleans announce the engagement of their daughter Antoinette to Rene

Hollywood Woman's Club

A surprise program was the one of the Hollywood Woman's Club at the regular Browning Section meeting when Grace Farman unexpectedly appeared on the platform and won the audience with her presentation enhanced in their reality by the musical settings she had arranged. "The Hand of You," with music by Carrie Jacobs Bond; "The Patchwork Quilt," arranged for the music; "Humoresque," by Dvorak. Accompanying her at the piano was Mrs. Florence Kilne and with the violin, Mr. Cohen.

Mr. James Hamilton Leach was the speaker of the afternoon, with the subject, "Browning and Tennyson—Interpreters of Life." Mrs. Loren B. Curtis, curator, presided.

The Story Writers' Club

Tomorrow evening at 8:30 Music Art Building on South Broadway the Story Writers' Club will meet at 8 o'clock. Miss Gertrude Darlow of the Public Library will be the speaker.

Improvement Association

"Music" will be the subject throughout all the sessions of the Woman's Improvement Association of South Pasadena tomorrow at the clubhouse.

"Celebrities I Have Known" will be the subject of L. E. Behrman, who will be the luncheon speaker. Mrs. Anna Ruzena Sprotte, contralto, and Gertrude Ross, composer-pianist, will give the program of the afternoon, which promises to be the best one of the year. Members may invite guests.

Mrs. O. E. Muncher, director of the current events section, will lead in a discussion of some of the recent books and current events at the meeting of this section the 17th inst. at 10:45 a.m.

Parent-Teacher Associations

A first district conference of P.T.A. will be held in Redondo High School Thursday, the 25th inst., when the departmental work scholarship, child labor and publicity will be presented by speakers expert in these lines in round-table discussion. The community property law will be discussed and there will be the usual presidents' council, parliamentary drill and music. A 50-cent lunch will be served.

Big Sister League

Last Thursday marked the installation of the new officers and chairmen of committees of the Big Sister League with the annual reports of the retiring officers. The president, Mrs. Harriet Work, pointed the following committees: membership, which were endorsed by the executive board: Court, Mrs. Franklin Pierce; employment, Mrs. R. Crowe and Mrs. J. Shewry; rehabilitation, Mrs. Robert T. Brain; sewing, Mrs. Fred Hickok; and Mrs. Helen Sheldon; refreshments, Mrs. J. Butler and Mrs. R. D. Shields; luncheon, Mrs. Rose Bryant; grounds, Mrs. Frank Wiggins; house inspection, Mrs. J. Butler; membership, Mrs. Howard Verbeck.

The end of this month the league will give one of the Big Sister League's famous baked-dinner dinners, when 100 covers will be laid.

BOGARDUS

POINTMENT HELD UP

On the appointment by Cryer of E. F. Bogardus, member of the Board of Public Utilities has been deferred for a day by the board. Bogardus supporters appeared at a meeting yesterday to delay action on his behalf but the board decided to delay action on them to retire without any further delay.

Certified from Holstein MILK Nearest substitute for Mother's Milk

Hence, if you cannot nurse your Baby, do you not feel it your duty to provide for it the nearest possible substitute? The average bottle-fed baby begins its life under a severe handicap. For cows' milk other than Holstein is liable to upset the whole digestive system even of a sturdy infant and render it sickly, fretful and rob it of its chance of steady gain. On the other hand

Arden Certified Milk

from Holstein Cows, with its small digestible globules of fat as in human milk, produces small curds of a flaky tender nature easily acted upon by Baby's tiny stomach. It is not apparent that other Cows' milk, with its tendency to coagulate into a tough, coarse mass in the stomach, presents a most serious obstacle to proper digestion and assimilation.

Thousands of babies and children are receiving Arden Dairy Certified Milk each day. The most conclusive proof of its life and health-giving qualities rests in the statements from mothers whose own children are being guided happily through their years of growth and development by this pure, natural milk.

For 16 years we have made an exhaustive study of the production of best Baby Milk possible and in keeping faith with the findings of this investigation we have discarded all cows excepting Holsteins.

Most of the best and most celebrated physicians and dietitians throughout the world recommend the use of Certified Holstein Milk, not only for infant feeding, but for growing children, invalids, convalescents and the whole family.

We possess the evidence of eminent specialists from all over the country corroborating our views in this matter.

Holstein Milk is Incomparable, Prevents Summer Complaint in Infants

Dr. N. B. Pantier, Dietetic Specialist of Illinois, says: "Holstein milk is so far superior to other cows' milk that there is no comparison. I have noticed children that have been fed on good, clean Holstein milk have made much better gains, and also had less summer bowel trouble than children fed on other cows' milk."

Four hundred and twenty Holsteins produce this superlative milk at Arden Dairy. It is wholesome and has a uniform flavor to the last drop.

Give your Baby a chance to gain by giving it Certified Milk from Holstein Cows and see how quickly the roses will come to its cheeks and how rapidly it will gain in health and strength.

Costs a little more than the common kind as all superior articles do.

FORECASTER IS WEE BIT LATE

New York Style Expert Visits Los Angeles

Tells Us of Fashion's Foibles in the East

Idea All Right, but Newest is Old Here

BY ALMA WHITAKER

Miss Mae McClure is an attractive young lady from New York. She is likewise a fashion forecaster for Harper's Magazine, and to that end visits all the centers—like Palm Beach, for instance, or New York charity teas to ascertain just what the hat mood is wearing. In June she will go to Paris.

But just at present she is in Los Angeles, at the Alexandria, where she received me in a lovely peach-colored georgette nightgown and a black silk kimono. And while she is really here to discover what we are wearing, she also is armed with numerous prophetic bits for our greater enlightenment.

One point she makes is interesting—that women must have two distinct personalities these days: the ultra-boyish for street wear, cute little Eton coats, David Copperfield and little Lord Fauntleroy and Joshua Reynolds effects, short, nifty coats, etc., and for evening wear, the ultra-feminine, utterly feminine, dainty Frazer and Stone styles.

ADVICE NOT NEEDED

So far so good. But Miss McClure made the mistake of supposing that Los Angeles merchants still remain sadly unenlightened on these matters, especially the bouffant styles, which have been modish here for about three years. And we rather attained the boyish trend—probably on instinct, with those cute little Peter Pan collars and boyish jerseys the younger set have been sporting for so long. However, these things are new in New York.

And one criticism Miss McClure makes of us is wholly justified. She is astonished at the bad form which prompts us to wear evening gowns and ermine capes on our roadhouse, accompanying our men who retain plain business clothes. (Strictly entre nous, we don't want to be judged by our roadhouse fashions—but there you are.)

One phrase Miss McClure wished me to quote verbatim. Here it is: "A woman should not be content to look merely chic, but she should be decorative, use a few daring colors, and walk into the dash of things."

Between ourselves most of our cinema queens—yes, and even our debutantes, know this by instinct, too. I hope Miss McClure will visit a few country clubs.

NEWS IS LATE

"Afternoon dresses are long and skirts are either of ankle length or reach the floor," says the oracle. I almost suspected her of having been to a few of our balls lately—this news reached us by psycho-analysis last fall, and Pola Negri satisfactorily vied the edict some time after she had adopted it. So did Gloria Swanson.

Miss McClure also notes a Grecian tendency, carried out in material cloth. Some one must have sent news of Mrs. Kenneth Press's last year's gowns back East. "Evening capes are full of ripples," she adds. That is what

Miss McClure also notes a Grecian tendency, carried out in material cloth. Some one must have sent news of Mrs. Kenneth Press's last year's gowns back East. "Evening capes are full of ripples," she adds. That is what

NEWS IS LATE

"Afternoon dresses are long and skirts are either of ankle length or reach the floor," says the oracle. I almost suspected her of having been to a few of our balls lately—this news reached us by psycho-analysis last fall, and Pola Negri satisfactorily vied the edict some time after she had adopted it. So did Gloria Swanson.

Miss McClure also notes a Grecian tendency, carried out in material cloth. Some one must have sent news of Mrs. Kenneth Press's last year's gowns back East. "Evening capes are full of ripples," she adds. That is what

LOVE'S AIDES COOLLY MET

Many Answer "Times" Plea for Assistance, but Bureau of Cupid Will Do Without Them

Either advertising pays or there are a lot of good correspondence-school sales experts out of a job. Maybe both. Anyway, the plea of Cupid for a high-powered advertising man who can stimulate the desire for marriage licenses was answered yesterday when, in the cold, gray dawn, seventeen prospective employees of Cupid lined up at the Hall of Records eager to begin the duty of kissing the brides.

These seventeen had read in Sunday's Times where some one who could stimulate the desire for marriage was desired by the local marriage license bureau. Anyone with ideas was desired. Twice last week the divorcees asked for equal or exceeded the number of marriages desired. Miss Emma Higgins, chief Cupid in charge, decided something must be done. And something darned near was done.

APPLICANTS VARIED

Of the applicants there were many and peculiar. One had been press agent for a motion-picture star, one was former representative of the late Nat Goodwin, one was a slick-haired female hopper with plucked eyebrows and bell-bottomed trousers, one had been fired by Kid McCoy when he failed to produce a ninth bride for the Kid, and one had been associated in the harness activities of the former Sultan.

Each declared that he had ways of bringing 'em into the bureau, either by advertising, publicity, or "the personal element." The female hopper declared that as soon as the girls found out he was an attorney, they would be coming in in New York, too.

CHARMING PERSONALITY

However, even if as a prophet she is a wee bit pre-Adamite, Miss McClure personally is charming. She will be remembered as a brief resident here six years ago, when she left to be art director of the United States government Bureau of War Photographs—a responsible position. After that she was detailed to interview Lithuanians, Jugo-Slavians and Czech-Slovakians in this country and write United States government publicity about them and their countries. And after that came the invitations to join the staff of Harper's, in which she has made a happy success.

One thing Miss McClure has discovered in her travels—New York, Boston and San Francisco have the same taste in fashions, and it is wholly different from Louisiana, Georgia, Kentucky and Southern California, whose tastes run to the same sartorial sympathy.

ELECTION POSTPONED

The special election to be held in the Laurel Canyon district, adjoining Hollywood, to vote on the question of annexation to Los Angeles will be held on February 16 instead of on the 25th inst., according to an announcement made yesterday by City Clerk Dominguez.

COUPLE ARRESTED

on Charges of Grand Larceny

William J. Deegan and his wife Ethel were arrested yesterday on complaints issued by Dep. Dist. Atty. McClelland, and placed in the City Jail pending arraignment and hearing.

Deegan is charged with robbery and grand larceny. His wife is charged with grand larceny. According to Mrs. Maude James, 3740 Crawford street, Deegan, on the 1st inst., held her up with a revolver and took from her two diamond rings valued at \$50.

The complaint involving Mrs. Deegan charges that on Dec. 24, 1922, the couple took from a local station a suit case owned by G. Shihadeh, importer, 404 West Seventh street, which contained furs and silks valued at \$4000.

HUNT FOR RELATIVES

OF THOMAS F. WHITE

MAN INJURED BY AUTOMOBILE DIES IN HOSPITAL AND LEAVES NO WORD

A search has been started for relatives of Thomas F. White, who died at the County Hospital yesterday as the result of injuries received on the 14th inst. He was run down by an automobile.

White occupied a room at 1969 Michigan avenue for a week prior to his injury. There was nothing in his personal belongings to indicate where he came from, or whether he had relatives. His identity was established by cards found on his person. He had \$141 in cash with him when he was hurt.

The body is at the Charles W. Keene undertaking establishment, 2029 Pasadena avenue.

COMPLETES CHILD

LEAD WITH CUNEO

George Ward, known by movie fans for his work in the "Our Gang" series of Roach comedies, has just completed the child lead in the Lester Cuneo production "The Zero Hour" under the direction of Henry McCarty.

The story was written about a child whose father was sent overseas and the propaganda solves the problem for the care of such children.

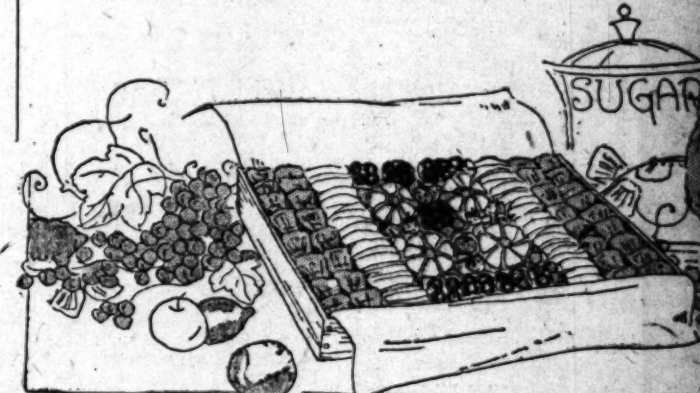

DOG OWNER SUED

Plaintiff Asserts Canine Dined on His Finger

Asserting that his forefinger was chewed off by a bulldog owned by Howard Marquie, Herman T. Heredeen yesterday filed suit in the county clerk's office, asking \$5000 damages.

Heredeen's suit sets forth that the bulldog attacked a fox terrier owned by the plaintiff, and that when Heredeen came to the terrier's rescue the bulldog bit his forefinger off.

Hamburger's CANDY DEPARTMENT

Try a Box

Hamburger's Delicious Pure California Fruit Candies

—A specialization in fine confections—made from pure fruit and fruit juices

Hamburger's has spent years perfecting this candy and is proud of the result. A delectable confection with the natural flavor and shapes of the fruit. The kind of candy one gives to children with confidence—the kind of candy one sends East to represent California—the kind of candy one eats with a thrill of pleasure. Priced according to size, 60c, 1.25, 2.40 and 4.00.

Hamburger's "Famous for Quality" Candies

—are not factory made in vast quantities, but in small batches with vastly more skill, and the same care and pure ingredients that are used in making candy at home. When you buy Hamburger candies you are assured of unlimited variety. High quality and prices that are right.

(Hamburger's Main Floor—Today)

Complete Line Candies in the Grocery Store

Whatever your candy want, whether for entertaining or for home use you can get your selection with your groceries—charge and have it delivered. Phone BR 3940—Surely a great convenience.

(Hamburger's Grocery Store—Fourth Floor—Today)

UTHLAND WILL FIGHT FOR RIGHTS

BY KYLE D. PALMER
(SPECIAL DISPATCH)
UTHLAND, Jan. 16.—Re-
sponse to a contest which threat-
ens to disrupt the Legislature two
days ago and which has occasioned
national bitterness and a
national threat to divide the
Assemblyman Edwin Baker
has prepared a bill
pertaining to the eighty Assembly
districts of the state according to the
Federal census of 1920.

reapportionment measure,
which conforms to specific provi-
sions of the state constitution, re-
solving the Legislature to orga-
nize the legislative districts "as
equal in population as may
be possible" to give Los Angeles
five additional Assembly-
men and two additional Sena-
tors. Southern California outside
of Los Angeles county under the
bill will receive one addi-
tional Senator and one new
Senator.

CONGRESSIONAL MADE
the standpoint of the max-
imum of new districts to
the population of the state
in 1930. The southern
of the state Mr. Baker's
disproportionment makes
a concession to Northern
districts.

Assembly and Sena-
tors on a strict popu-
lation basis would give
seven additional mem-
bers to the House and three new
Senators. Opposition to the
bill is believed to be sufficiently
strong to defeat it, and in the
event of its passage at least a part
of the population of the state
representation to which the
constitution of Southern California
under the constitution.
The measure is being put
up as a compromise between
constitutional rights of the
state and the somewhat natural
tendency of the north to lose
new districts created in ac-
cordance with the Federal census
of 1920.

REPRESENTATIVE RESPONSIBLE
national districts in Southern
California with consequent elimi-
nation
